Tucket's Ride (The Francis Tucket Books)

Synopsis

Francis Tucket and his adopted family, Lottie and Billy, are heading west in search of Francis's parents on the Oregon Trail. But when winter comes early, Francis turns south to avoid the cold, and leads them right into enemy territory--the Mexican War of 1848. Francis and the children are captured by desperadoes, but loyalty, courage, and the element of surprise offer hope for survival.

Book Information

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

The third book in the series that began with Mr. Tucket finds Francis and his adopted family on the Oregon Trail and in the Mexican War. Ages 10-up. Copyright 1998 Reed Business Information, Inc.

Grade 4-6. Paulsen's saga of the (often) lone boy on the American frontier in the 1840s continues here at a breakneck pace. It is now two years after Francis was abducted by the Wicked Pawnee and then saved by the Wily Mountain Man Jason Grimes in Mr. Tucket (Delacorte, 1994). He and the two orphans he picked up in Call Me Francis Tucket (Delacorte, 1995) are now trying to get to Oregon via Mexico and accidentally get tangled with armies pursuing the Mexican War. No sooner does Francis escape execution for killing a soldier than the three youngsters fall into the hands of

the dreaded Comancheros. No disaster lasts long for Francis, though. Grimes, his savior from the first book, suddenly appears out of nowhere and saves him again with the same plot device. (Hey, it worked the first time.) Readers leave Francis and the two orphans hiding from their vengeful pursuers. What happens then? Wait for the next book. Chapters consist of three or four short pages with cliffhanger endings. Characters and scenes change almost from page to page. People are introduced with a line or two of explanation only to disappear a few paragraphs later. As a result, character development is necessarily sacrificed and stereotypes abound. Many readers will love these books for their exciting, nonstop action. Classroom use for social studies, however, would require careful and critical analysis by teachers and students. ?Ruth Semrau, formerly at Lovejoy School, Allen, TX Copyright 1997 Reed Business Information, Inc. --This text refers to the School & Library Binding edition.

best thing I bought for my classroom

my 12 yr old grandson loved the whole set of books

Good series for my 5th graders.

good

Love this series great for any age

these books get better and better every time I read . one if you read this review and you don't have the book get it

My student enjoyed

I recommend that you read this book because it is the best book ever. It's filled with a lot of action and excitement. I can't wait to read the next book.
