,ZM has written the 2nd novel about the single warrior that continues to wreck havoc with the Mob and different terrorists cells her encounters. Hr is assigned a deep cover penetration in Iraq where he terminates three terrorists cells. This is an excellent read for the genre..... ER

Mitchell delivers another great read for 'one man army' action fans. The writing style is tough as nails and the plot is taut as steel wire.

Love it,enjoy reading this book. Looking forward to book 3 soon. I enjoy reading action thriller and black ops story.

The action keeps building and doesn't stop. I might like a little more life experience in the main character, but the series has great potential.

Loved the book and the story. This is the second of the series

Good read looked forward to the next page

Rivoting. Lots of typos though makes it hard to read.

Not much of a plot just a lot of graphic killing. Not very realistic.
