Love it!

Helpful in reviewing and preparing me for Instructors exam. Also required to do worksheets while attending a course in preparation. This new edition slightly different than my original book. It's been over twenty years since I've looked at this book.

Thank you sooo much. I love the kindle version because it allows you to make notes and highlight areas.

Great book, every barber should have it on hand for reference, plus it has all you need to pass a state exam. I would say it's an essential tool for aspiring, or seasoned barbers.

Arrived and is precisely as expected.

It was exactly what we needed. thank you. I may need more . Renting books is the way to go.
