Where The Long Grass Blows

Synopsis

Bill Canavan rode into the valley with a dream to start his own ranch. But when he managed to stake claims on the three best water holes, the other ranchers turned against him. No one is more determined to see Canavan dead than Star Levitt. Levitt is an unscrupulous businessman who has been accumulating cattle at an alarming rate. Suspicious after witnessing a secret meeting between the riders of warring ranches, Bill begins noticing other dubious behavior: Why is Levitt's fiancée, Dixie Venable, acting more like a hostage than a willing bride-to-be? Canavan doesn't have much time to figure out what's going on. The entire valley is against him, and everyone is ready to shoot on sight.

Customer Reviews

Canavan drifted down the valley and into a shooting war. The big ranchers were rustlers turned respectable. Now they were fighting with each other. In the middle was a small spread and a woman. Canavan had a mind to stay so he staked a claim. And when the gun hands were gone he'd have everything he wanted--the land, the water. . .and the woman. --This text refers to an out of print or unavailable edition of this title.

another good book by Louis L'Amour. Makes you want to read until you finish.

ok

Good

Somehow this story got a bit predictable, even for Louis L'Amour... the mountain landscape descriptions are poetry and his horse actions are terrific.... the physical attributes of the fighting men, while descriptive... are sometimes confusing... bodies don't move that way... kind of thing... But all in all a great tale of adventure and action... with a pretty girl thrown in!

Great Louis L'Amour book

Again, it is a Louis L'Amour book people. It just doesn't get any better than this! The best Western writer to come along. His characters become real to you and the land is recognizable. Wonderful, Best Author

I liked the book very much! It mixed rough cattlemen with romance.

Good character development and story keeps your interest from start to end!
