## Customer Reviews

Paul Freeman is the best LGBTQ male physique photographer of our times. Just breathtaking shots of amazing beauty and male body art. The backdrops are so well chosen to compliment the model's beauty. This book is destined to become a classic like so many of his earlier works.

Love this book-beautiful models, well composed settings, nice size for just flipping pages with the book in one's lap. Excellent for any collection of books on art, portraiture or photography.

I have been collecting Paul Freeman's Works of Art for years. This is the perfect edition to my ever growing collection.

This is my second Paul Freeman book and I am so happy with my purchase. I received "Outback Dust" as a gift and have been waiting for his next book ever since. It does not disappoint. Beautiful pictures, (on really nice paper too) tastefully put together showing the beauty of the male form. I will say there seems to be some kind of theme of uncircumcised men in this book in comparison to the others I have seen... but I'm not complaining.

possibly Freeman's best output since he started with "Bondi Classic". Buy this book!

PAUL FREEMAN IS MY FAVORITE PHOTOGRAPHER, THIS BOOK IS BEAUTIFUL.

Beautiful and Stunning. Models are handsome and composition is stunning. First Paul Freeman book and not disappointed. I'm sure my PF collection will grow.

A must have if you appreciated great photography! Congratulations
