Grade Level: 4 and up

Customer Reviews

In this latest installment in the award-winning Indian in the Cupboard series, Omri's fascination with the little people of the cupboard has matured into an obsession with discovering the origin of their life-giving magic. With the help of his great-aunt's hidden diary and a meeting with an elderly roof-thatcher, Omri is able to piece together his own family's history--one that gave rise to the wondrous events of the last few years. In the process he takes a big risk in allowing the secret to be disclosed to an adult. Relying much less on the sheer derring-do typical of earlier episodes, Banks takes an introspective turn here, weaving a more adult story of disappointment and heartbreak into Omri's ever-widening understanding of the cupboard's mystery. Banks's series has grown up, and though some readers may miss the magical Peter Pan-like world of earlier installments, these rich, well-rounded characters speak eloquently and entertainingly within a polished mystery structure. While observing the parameters of a series, Banks demonstrates an impressive versatility, never

swerving from her trademark disarming candor and unaffected yet elegant style. Illustrations not seen by PW . Ages 10-up. Copyright 1993 Reed Business Information, Inc. --This text refers to an alternate Paperback edition.

Grade 3-6--Indian in the Cupboard (Doubleday, 1985) fans, rejoice! Here's another in the series, and it will appeal most to those familiar with the characters and events in the earlier books. When a distant relative dies, leaving Omri's mother an old farmhouse, the whole family moves to the country. As old thatch is removed in preparation for reroofing, Omri finds a notebook written by "wicked" great-great-Aunt Jessica as she lay dying, which reveals the secret of the cupboard, and how and why it, and its magic, came into being. New little people are introduced, and once again, Omri learns the folly--and danger--of playing with people's lives. Little Bear and Bright Stars, main characters from the previous books, make their appearance only on the last page, when the boy's father is let in on the secret. "From now on, thought Omri, whatever happens--and plenty will--Dad's in on it. Which is bound to make things . . . very, very complicated." One has to wonder if he will allow the adventures to continue. --Li Stark, North Castle Public Library, Armonk, NYC Copyright 1993 Reed Business Information, Inc. --This text refers to an alternate Paperback edition.

I got this book for my son and he absolutely loves it. The way the story is written it really makes the characters come alive.

My daughter loves it!

This book arrived promptly and is very clean. My granddaughter has enjoyed this series and we are sad that this is the final book.

Nice book. Recommend seller.

My kids read this, now my grandson reading it :) I remember reading it too! Highly recommend. Don't like how this site MAKES you write a review and has to be certain # of words.

Loved this series as a kid. So I had to buy it for my nephew.

great series

Great experience! Thanks!
