The Wandering City: Colouring Book

Synopsis

Many ancient tales tell of a legendary city appearing and disappearing in various regions of the world and at different times in history. It is known as the Wandering City and has been sighted in the North Pole, in the Caribbean, in the middle of the forest, in the Gobi Desert, in Europe, far and wide. The spirit of the city is influenced by the architectonic styles of the different cultures it visits and by the light of the many different skies. Inside this colouring book, discover the wonders of the Wandering City. Immerse yourself in the cityscapes designed with white and black inky outlines and make them shine with the light of the different seasons and regions: cold-blue northern nuances, wet and watery oceanic tones, hot southern colours and more. Play with the whimsical perspectives, blend in the parks and squares, decorate the intricate features and discover hidden elements in the amazing metropolis that embodies all the architectural styles and landscapes of the world.

Customer Reviews

As a colorist, I like to color things OTHER than trees and leaves and flowers. Don't get me wrong, I do love them, but after a while I like to color OTHER things and I have found I love BUILDINGS AND CITIES... This book is great... nice heavy paper, wonderful and unique pictures.. I do have one question about the pictures.. several have drops of ink around the pictures, randomly placed, not sure if this is a printing error or part of the actual picture and an artistic touch ! It certainly doesn't bother me...

Really enjoy this one! the quality of the paper is good, the concept of a city randomly popping up is fun as is looking for it's mascot, Karl. Would buy again and share as a gift.

Wonderful. Exceptional paper, will take anything without bleed. The pictures are interesting, with plenty of variety. The little chameleon which can be found in the pictures makes for a pleasing touch of whimsy. This book is one of my favourites.

I like adult coloring to be intricate and challenging. This meets both of those expectations. Many of these will keep you busy for hours.

this is a nice book the pictures take getting used to but when finished are rather astounding...

Great book. Very satisfied. Great paper quality. Check out my youtube review! Sarahs coloring book reviews

I have not started this book. but the pictures are detailed enough to keep one very busy and engaged.

Wonderful drawings with precisely detailed challenges for the colorist.
