Dead Girl's Ashes: A Tale Of Vampires, Love, And Peril. (Dying Ashes Book 1)

Synopsis

Ashley Currigan is dead and she's about to unearth her true self. With a grumpy wizard and a surprisingly helpful vampire by her side, Ashley treads the line between humanity and monstrosity while investigating the chilling disappearance of the woman she loves. Dead Girl's Ashes is the first book in the Dying Ashes series, a chilling dark urban fantasy/supernatural thriller featuring a sardonic lesbian dead girl that just doesn't know when to quit. If you like The Dresden Files, The Daniel Faust series, or gripping, dark paranormal action, or if you'd just enjoy a unique twist on vampire lore, this is the series for you! Click the buy button now to start reading today! --- What fans are saying about this dark paranormal series by Annathesa Nikola Darksbane, Co-Author of the popular Dakota Shepherd series: "Fantastic Read, need more! Another great novel from the Darksbanes. As usual the writing and story is top notch leaving you wanting more. The perfect balance between action, drama, humour and romance sets their work apart from the common. As usual I cannot wait to read the next one.[...] All in all this is a great read with fantastic characters and will leave you wishing for more." -Liebien Bothaon "Ashes might be my new favorite of the Darksbane Books' series. I loved this take on vampires, in which there are multiple types of vampires, each with their own specific mythology and characteristics. Ashley is a great character, struggling with her own (im)mortality, and driven to find her missing girlfriend. I'm looking forward to the next book!" -Claire "Excellent series starter, Ashes takes the vampire mythos to a new and unique place. You'll be invested in the series from the get-go." - Customer "Action, adventure, mystery ... and supernatural. Good story, complicated characters, great read. Recommended." -Kevin G. Rhoads

Customer Reviews

Another great novel from the Darksbanes. As usual the writing and story is top notch leaving you wanting more. The perfect balance between action, drama, humour and romance sets their work apart from the common. As usual I cannot wait to read the next one. The novel is not as short as some of their others which is also pleasing. Hopefully they will continue to improve in that respect. All in all this is a great read with fantastic characters and will leave you wishing for more.

I enjoyed the book it was a very good story. I ordered the 2nd one, so that tells you something.

Ashes might be my new favorite of the Darksbane Books' series. I loved this take on vampires, in which there are multiple types of vampires, each with their own specific mythology and characteristics. Ashley is a great character, struggling with her own (im)mortality, and driven to find her missing girlfriend. I'm looking forward to the next book!

Action, adventure, mystery ... and supernatural. Good story, complicated characters, great read. Recommended.

It's a promising beginning this book hope the next ones continue to be as good or hopefully better Will be buying the next one as soon as it comes out

Excellent series starter, Ashes takes the vampire mythos to a new and unique place. You'll be

invested in the series from the get-go.

Thanks for a great book. Like the description says, if you like the Auralight Chronicles you'll like this one but there ends the similarity. While Auralight is a somewhat light hearted romp through the super natural world, Ashes is definitely darker.--sorta spoiler--While heroes might always win - sometimes the cost is very high Looking forward to the next book and a long series.

I came away from this thinking it was a solidly good read (especially at \$2.99 or as a kindle unlimited). Ashley is a 20 something year old with a fairly mundane life in all respects. The only exception being her two year relationship with her girlfriend, Lori, who is her shining star. On her way home from work, Ashley gets ambushed in a seemingly random attack and her world gets turned on its head. After the worst 36 hrs of her existence she manages to get home to find Lori is gone and she is being dogged by the unthinkable...From there, it's part mystery and part personal growth story. Ashley needs to find out what the heck happened to Lori, why she herself was attacked in the first place and by whom, and why she is being pursued to her death even now as she comes to terms with her new reality and her place in the world. Luckily, she falls in line with a quirky cast of characters that help her on her quest. Its paranormal world atmosphere is well done and characters are fleshed out...though the details behind the world building are not completely explained so some readers might wish there was more in that respect. Ashley is a sarcastic, strong lead and despite any grimness the story has humor peppered throughout. The one thing not missing in this book is action. There's a ton of it and the book moves at a steady pace towards the story's resolution...which, spoiler, isn't a particularly happy ending but it's not dire, either. Ashley looks that way on the cover of the book for a reason so one can guess that a happy-happy, joy-joy ending isn't exactly befitting. Though Ashley is in her 20s, I felt the book had more of a YA feel to it mainly because she feels like a young protagonist. She's not naive but I could easily see the author making her a 16-18 year old and it not having much affect on the story. There's gore in the book but no sex. And, even though Ashley and Lori are in a relationship, the book is absent of romance. This is definitely a paranormal action thriller, if anything. For fantasy, paranormal fans I think this would be a fun read and one worth checking out. I'll definitely move onto reading the 2nd book in the series.
