Agate Hunting Made Easy: How To Really Find Lake Superior Agates

Synopsis

You've admired agates for their color and beauty--now learn how to find your own. Unlike other books, *Agate Hunting Made Easy* provides step-by-step instructions to help you turn those once-frustrating agate hunts into successful ones. You'll have an experienced collector, Jim Magnuson, as your guide: He will show you photographs by Carol Wood of what rough agates really look like in the field. His tips will help you recognize agate imposters that often fool inexperienced collectors. He will teach you how to hunt in a variety of locations, from gravel pits to lakeshore. Plus, Jim also provides a rating scale to help you estimate the value of your finds. This book is just what you need to help make agate hunting easy.

Customer Reviews

I saw this book in the store and really liked it because of the pictures they have in it but it was too much so I checked for it on [Amazon](#) and it was a lot cheaper so I got it. It's a very good agate guide.

This book has all the information needed for beginning or long time agate hunters. The advice and the pictures were extremely helpful. I would highly recommend this big to agate/rock collectors.

Unless you are completely new to rock hounding, buy his pamphlet instead.

This is a nice book. Easy to read and understand. I thought it would be a little bit bigger, but it is still a lovely publication with great information. I am happy I bought it.

great pictures

Great book and very good tips.

Good book to learn a little from.

I bought this as a gift. Don't know much about Agates, so I can't comment either good or bad, but it looks like it has a lot of good pictures and descriptions about Agates.
