# The Rough Guide To Morocco (Rough Guides)

## Synopsis

The Rough Guide to Morocco is the ultimate travel guide to this beguiling country and includes all the details you need to explore Morocco at your own pace. The Rough Guide to Morocco gives you the lowdown on how to get where you're going, where to stay when you get there, and the best places to eat, drink, and hang out, whether you are oasis-hopping in the desert or mountain trekking in the High Atlas. Accommodation and eating options for all budgets are included, from the chic riads of Marrakesh to the backstreets of Tangier to the fine dining of Casablanca. Clear maps supplement the text throughout, and there is even a detailed food glossary in English, Arabic, and French. Practical information helps you explore this unique part of the world with ease and gives you the context you need to understand what makes Morocco tick. Make the most of your time with The Rough Guide to Morocco. Series Overview: For more than thirty years, adventurous travelers have turned to Rough Guides for up-to-date and intuitive information from expert authors. With opinionated and lively writing, honest reviews, and a strong cultural background, Rough Guides travel books bring more than 200 destinations to life. Visit [RoughGuides.com](http://RoughGuides.com) to learn more.

## Customer Reviews

The Rough Guides speak my travel language. While waiting for their new guide to Morocco to be published I got a couple other travel guides to Morocco. They were good, but I was not really able to plan my trip until my Rough Guide arrived. Something about the writing, the priorities and the advice of the authors fit me just right. I always want to travel with Rough Guides as my source. I am an

adventurous traveler. Prefer the road less traveled, and like to find hidden treasures. I travel low budget, but I like that the Rough Guides offer different budget options, in case I'm ready for a more upscale experience along the way. Recommended!

Very comprehensive information as indicated in the volume of this book. However, a bit disorganized. Not as easy to find essential information, such as buses schedule, how to get to places.....

I'm finding this helpful as I plan my trip to Morocco.

Good product, price, and service. Thanks

Gave me a great overview.

I've traveled to more countries than I can count. I like travel guides with lots of maps, lots of summarized information, and many sample itineraries or ways for me to easily create one as a starting point. To me, a travel guide should have layers of information with lots of side sections I can explore if I want to and with supporting details if I want to dig deeper into a given area. "If you have two days in city X, do this" is a great starting point for me to get focused and allow me to tailor an itinerary to my tastes. This is not that kind of book. I spent a rainy weekend going through this book and the associated Marrakesh guide (the multi-format eBooks direct from RoughGuides.com) only to find I had many bits of information and no plan. I bought the books because the copyright date was more current than Lonely Planet's, but I later bought the Lonely Planet guides to the same locations and find them to be far superior in terms of organization. I have not traveled to Morocco yet so I can't comment on the quality of information in either book. If you're making a guide book to Italy, you've got lots of competition, a big market, and a need to really make an effort to compete. Morocco? Not so much. Thankfully, there are options. Happy travels.

Looking to travel to Morocco in the next few months but didn't have any set itinerary. This book provided valuable information on what is truly necessary to know and see while there. There is nothing I've come across about Morocco that isn't in this book.

for a host , OK . help me a lot. This bread product works great and washes well. I love it! as the

price.
