Customer Reviews

A friend recommended this version to me when I wanted to get Bibles for a grand nephew and his younger sister. The reading level will suit them and they were quite enthusiastic about receiving them. I only wish I had more opportunity to visit them and share time reading and talking about what they've read. Just recently, I ordered the Kindle version to read, taking advantage of the option to

enlarge the font. I have enjoyed reading this and recommended it to a couple friends, one being the friend who introduced me to the paperback version. One good turn deserves another?

I am 67 years old and I really like the way this Bible reads. Very easy to read and understand. I do believe that people of all ages will enjoy this Bible

I have purchased this bible for gifts for our church, sent them overseas for missions and I have used it for myself to help get a different view on some difficult passages. I highly recommend this bible!

Great Bible for kids and adults. Uses everyday English language and makes it easier to understand.

Great book! Love that it's a 3rd grade reading level. Helps my son understand. The pictures are nice too.

Just what I wanted to help in teaching a class of young children. This is an easy to read version with simple wording and more easily understood by young readers.

My seven year old granddaughter loves it. She can read it and explain what she reads she loves to find sections in both testament to read and discuss.

Not seeing a "A colorful Books of the Bible contents page" or any Maps in the Kindle Version. The dictionary seems split weird or something too, and after the memory verses there are some weird single page definitions for some reason. May be an issue with the Kindle Version.
