This little guide includes almost every phrase I can imagine needing to use in liturgical or administrative work in a parish setting, except for the words of the liturgies themselves. Useful for Episcopalians and Lutherans as well as Roman Catholics. I can read Spanish and speak it somewhat; this gives me or reminds me of the vocabulary specific to parish work. Only drawback is the type is small and the information packed on the pages. Which means I can easily tuck it inside a larger book or in my communion kit, but also means it's hard to read at a glance. 1/3 of the space is taken up with phonetic spellings of every single phrase. It would be nice if there were another

edition in larger type or with more white space for those of us who know how to pronounce Spanish but just need the vocabulary and sentence structures.

This slim volume includes phrases and pronunciation assistance for every aspect of congregational life. The church office, the clergy and other helping ministries will appreciate common phrases for life together as a congregation - from filling out forms for registration, for sacramental occasions and training, and liturgy - that are not in travel or basic Spanish language phrase books. THE PRINT IS VERY VERY SMALL and the book is a little bigger than an index card - probably designed to fit in the Padre's shirt pocket. This Madre would appreciate a 10pt print edition no matter the size. I still give this resource 5 stars.

I rated this book 4 star, as a beginner book it is very good and I would highly recommend it. I think it could be used by all faiths. It would be helpful if it had a audio recording of some type to help the beginner.

Mainly designed for Roman Catholic Church clergy and lay leaders.

I expected more than "tourist" type phrases. Perhaps because i already speak a fair amount of Spanish my expectations were too high. It would have been better if it enabled the non-Spanish speaker to have typical responses included.

Is a wonderful size and is full of information.. Fits nicely in my suit coat and is always available. Whether in church or hospital.

I was expecting at least a paperback book sized book. I was VERY surprized to get this little book. The print is very difficult to read because it is so jam packed with lots of useful information. I'm sure once I get my magnifying glass out, I will appreciate it all the more. Until, then, it is fitting nicely in a file index card box poised ready for use.

I have reviewed its contents and believe it will be a great help as I work with our Spanish speaking community in the parish.
