Great book. If you have a weak stomach, this book you might not want to read. This book contains cannibalism and in detail. The story itself was great and will hold you captive.

I could not put this book down! The story was fast paced horror from the start. Twists and turns, I had to know what happened next. This is definitely an author to follow, wonderful first book, I can't wait to see what he has next.

Really enjoyed this book as much as "The Demonic" by this author! Original and gory! Great for someone that loves and reads a lot of horror stories such as myself! Ran into a few things that felt very "familiar" after reading the author's other book. But still plenty original ideas. Noticed that the wrong name had been used for a character every now and again....but nothing too terrible grammar wise! Hoping for a new release from Mr. Mountford. Really enjoyed his books!

I read this book & it was well written by a first time author. The author did a really great job in writing this story . It was so scary , it scared the hell out of me. Because, there are people out there that actually live like this.

I was hoping for a better ending but overall I enjoyed this book and would recommend it to any horror fan.

Good Reading.

This was a quick read for me, but was a lot more macabre than I thought. Good story and very twisted

I'm not really into the Gore that was in this book but read it in a day because I was rooting for them to make it .
