Gr 2-5 The five years that have passed since the publication of *The Stories Julian Tells* (Pantheon, 1981) have neither aged Julian nor diminished his charm. The black seven year old, his best friend Gloria, his younger brother and his parents are back in another five short stories that sparkle with all of the innocence and experience of childhood. The events of these storiesmaking a bet with a friend, attempting to be strong and brave, sending a message in a bottleall reflect incidents true to children. Even though the stories are brief, the characters are fully realized and exhibit a complete range of emotions. Told with Cameron's flair for understatement and illustrated with Strugnell's playful charcoal drawings, these stories are the sort that will make children ask for more. I got all of JULIAN'S books. They are my 5 year old's first chapter books. I want to turn him on to reading - and it worked!

Love books

My grand daughter loves when I read the stories to her.

Good book; My son enjoyed reading it.

Good book; My son loved it.

I needed this for my daughter. I homeschool and this was one of the requirements for the day. Thankfully it was available for the e-reader. I recommend this for anyone with a 2nd grader. Fun and keeps kids interested.

very funny

Good kids book amusing and informational, story includes behavior and consequence but in a subtle non obvious way. The only complaint from the kids...story too short but matches attention span of these 2nd graders.
