A happy man thrills a group of farm animals when he takes them for a joy ride in his dump truck. This book is a true classic illustrated by the inimitable Tibor Gergely.

Scuffy the Tugboat, Tootle, The Good Humor Man, Animal Orchestra, and The Great Big Fire Engine Book are among the many bestselling Little Golden Books that Tibor Gergely brought to life.

This was my favorite book as a child. My copy is so worn that I came on here to buy another copy to share with my children. I was so disappointed to discover that although the pictures are the same, the story is totally different. That should be noted somewhere. It's not the original edition. :(

My oldest son is 32 years old, and I can still recite this book from memory. A man is riding around in his dump truck when a pig clambers into the back to get a ride. Every time the man saw a friend, he

waved his hand and tipped the dumper! Other animals joined the pig on his ride, and they all had a great time. I had to buy this for my son when he and his wife announced that they are expecting their first child; I'm sure this copy will get worn out just like all of ours did.

Another in a long line of "Little Golden Book" series for young children. This was bought as a gift and we hope it provides a good base for young ones who first need pictures to understand the story and a willing parent to read to them, and then later a great tool for them as they too learn to read. Well laid out, easy to read and photos are wonderful.

I wanted to get my 3 year old nephew books that my sister and I enjoyed as a child and these were the first that popped into my mind. I am very pleased that the quality of Little Golden Books is still there! Looking forward to sharing this stories with him for years to come.

I got this book for our new son to read to him before bed time. I remember this book as a kid and it brought back so many memories and I want my kid to have those fun memories as he grows up as well. At this price point, I couldn't refuse to get it. The book came new, extremely stiff, and hadn't even been cracked open. The illustrations are the same as I remembered them as a kid. The story is a bit varied, but has the same context as the original. I highly recommend for people who have kids in the house.

I loved this book when I was a kid so I was excited to find it on here and get it for my niece, in hopes that she will enjoy it when she is able to read. The book came in great packaging and the pages were crisp and new.

We read this book Every Single Day! Our toddler loves it and it isn't long enough to be really annoying when he asks for repeat reads. We point out the animals and practice the noises. I secretly think he likes to make me say "dumper" all the time and that's why we read it so often.

Gift for my nephew. I absolutely love these Little Golden Books. Definitely will keep buying these books. Great books for children and bedtime stories.
