## Customer Reviews

Use this book constantly & love it. The recipes & tips are great. I just finished making the BBQ HONEY CHICKEN (mmmm... delicious) & was looking for something else to try. This amazing book with variety of categories. it comes with the 10 categorizes like breakfast, side dishes, poultry. meat, fish and sea food and so on... and i amazed that there is a special category for the weight loss.not only that but each recipe has the nutrition facts info, that make so easy to me to keep an eye on how many calories i take in. Thanks to Mary.

This cookbook for the Instant Pot has it All !When the book arrived,, I scanned the chapters and some of the recipes. Honestly, if anyone has a problem finding something to make from this book, they're way too fussy. I haven't been able to make any of the recipes yet because the Instant Pot is still in the box. Finally figured out where I will be able to put it, as once it's out of the box, it's going to stay put. (Too heavy for me to keep moving it around).Mary Grace, you did a beautiful job with this book, but...you need a new proofreader. Up until the Special Weight Loss Recipes section, there's one word that gave me a chuckle. Instead of "Prep time", it says Perp time. Easy enough to do by reversing r & e to create another word. Know what?? I'm keeping this book because of this. Who knows how many people have this version? It's unique for sure, lol.No, I'm not the spelling police at all. It took me at least 1/2 hour to catch this.Thank You for publishing this book. With 550 recipes in it, it's a winner.
