Empire's End: A Novel Of The Apostle Paul

Synopsis

Betrayal. Passion. Defiance. Violence. An obsessed persecutor transformed. And the world would never be the same. Mining clues sprinkled throughout Paul's writings, Jerry B. Jenkins weaves a thoroughly believable tale filled with high drama at every turn. This inventive, page-turning novel is steeped in bravado and bloodshed, conflict and deep devotion, romance and political maneuvering. The result is a can't-put-it-down thriller crafted to satisfy any curious observer's longing to meet a flesh-and-blood man whose mission and message ultimately triggered the end of the great Roman Empire.

Customer Reviews

Only a few snapshots of Paul's life are revealed in the Bible. In this fictional account, Jenkins tells of a devout Jewish scholar, who after only 3-years in the Arabian wilderness, emerges as the greatest Christian theologian in history. This novel explains how, after supervising the death of Jesus's disciples, Paul would be moved to effectively conquer the Roman Empire with a message about a Jewish man named Jesus? You'll be captured by the shocking "thorn in the flesh" that burdened Paul's heart? Empire's End will cause you to rethink whether Paul ever experienced the love of a woman or the embrace of a child? Read on! --This text refers to an out of print or unavailable edition of this title.

Jerry B. Jenkins's books have sold more than 70 million copies. The phenomenal best-selling Left Behind series has inspired a theatrical movie for fall 2014 starring Nicholas Cage. Twenty of his

books have reached the New York Times bestseller list, and the USA Today, Publishers Weekly, and Wall Street Journal lists. Jenkins has been featured on the cover of Newsweek. He and his wife, Dianna, live in Colorado. --This text refers to an out of print or unavailable edition of this title.

I, Saul's ending left the door wide open for Augie's journey to continue and I believe that most readers were eagerly expecting that journey, interlinked with Saul's journey in the past, to continue. I, Paul, i.e. Empire's End, however, is solely about Paul's journey (in the past), which - and on this point I have to agree with other critics - leaned too far into the realm of fiction. Whilst I believe that Jerry B. Jenkins is a talented writer, in my opinion he failed with Empire's End. I can unfortunately not recommend this book.

As always Jerry Jenkins is never boring as he brings to life the characters in his novels. He makes the apostle Paul seem human as he faces incredible trials and suffering.

Biographical fiction about the life of The Apostle Paul. While effective Scripture was part of the story and it was an easy read, I found it hard to accept that Paul had a special romance during his training for his ministry. As always Jerry Jenkins is a great story teller.

Not a true sequel to I Saul. No mention of the present day characters introduced in I Saul. This is a better companion piece to the books Jenkins wrote about the disciples.

This was an interesting thoughtful take on the conversion of Saul. We forget, I think that he had to have . all the different feelings, etc. that every new convert faces.

This is the sequel to I, Saul. I enjoyed both books. This author's imagination as to what Saul/Paul was like intrigued me.

This story fleshes out the Apostle Paul. I love books that bring the bible to life and this certainly does. Jerry Jenkins writes books that captivate!

The mystery of Paul's wisdom, makes so much since now.....and a new perspective of God's power in the life of a believe. The best part is insight to what possibly was the thorn in his side.
