## Customer Reviews

Laura Davis is the author of *The Courage to Heal Workbook*, *Allies in Healing*, *Becoming the Parent You Want to Be*, and *I Thought We'd Never Speak Again*. She teaches writing and lives with her family in Santa Cruz, California.

This book came in perfect condition and in the time as promised. It's a surprisingly big book and is going to take A LOT of time and emotional energy to complete, but I'd rather it be thorough than incomplete. From just skimming through it, I would recommend it only if you are really ready to do some difficult work!

Great book to go along with The Courage to Heal book. Take your time and don't rush through it. Its about healing... not a race. Good luck and God Bless you on your journey!

Having used this reference book 15 years ago, it has been terrific to rediscover the core primer, and I am not sure where else it would be found. And the text was in NEW condition.!

this workbook is a great accompaniment to *The Courage to Heal - Third Edition - Revised and Expanded: A Guide for Women Survivors of Child Sexual Abuse*. i worked with a survivor of sexual abuse as she went through both books simultaneously. each session, we would review what she read and gleaned from the 2 texts. there was an appropriate amount of overlap, but she also found that she learned some very different and equally helpful things from each book. the more information and guidance, the better. both are great resources. one caveat is that the book can be overwhelming for some people, and other treatment to break into the territory of recovery may be necessary first.

I am making progress, and it is helping.

the journey continues....we can only heal ourselves

This is an amazing set of texts to work through sexual abuse issues no matter what kind or when. I used this in my own intensive drug rehabilitation and was amazed. Today I ordered these books too help others in my professional field. Thank you Laura Davis :-)

I have used this workbook alongside The Courage to Heal book and it has provided tremendous support during an extremely difficult time. The information and exercises have been so good for me. I am definitely happy with the workbook and the ordering/ delivery process.
