## Customer Reviews

Purchased several of these books Good Old Days books for my Mother. The entire family enjoys reading them. Right combo of photos and short stories to entertain a variety of interest levels. It seems that remembering "the good ole days" is a pastime one enjoys the older one gets. Great gifts for family and friends that were young adults during the 1930's - 1950's and for the present generation these books offer a window into parent's and grandparent's early years.

I love all of the good old days books. Once I start reading them I can't stop.

Love the book.

A wonderful jaunt for the elderly down memory lane as well as an eye-opening reality check for today's adult and youth, this is a gem of a collection of stories sure to provoke memories for some, questions for others and a puzzled reflection of how life has changed in such a short time. A+

Great collection of old stores and fables. Packaged well and delivered on time.

Super, super read especially on a lazy Saturday afternoon.

really enjoyed it
