## Customer Reviews

One of the most trusted names in instructional publishing, Leisure Arts is a leading publisher worldwide of lifestyle how-to books, DVDs, and on-line content ([www.LeisureArts.com](http://www.LeisureArts.com)). Primary skill categories are knitting, crochet, quilting, sewing, scrapbooking and papercrafts, cooking and entertaining, cross stitch, embroidery and other needlework, plastic canvas, decorative painting, home decor, holiday celebrations, and all kinds of crafts.

Good Ideas, Good book, Suggestion: If you just want to learn how to make the wreaths, don't get Both books. Just get either "Deco Mesh Wreaths" or "Learn to Make Deco Mesh Wreaths". If you are looking for other ideas or designs, then for the price, it's not too bad to pick up both.

Deco mesh is a very unique product. It is easy to use and manipulate. As a crafter, the end product is important and with deco mesh you will be very pleased. Also, there are a number of colors you can choose from and different widths as well. It may take you a little while to get use to how it works, but you will be glad to know. Just go in and check what some crafters are charging for wreaths they have made with this. You will be glad to know that now you are familiar with the same product. Give it a try and just add one more thing to your crafting resume.

This book was just what I was looking for. I seen my first deco mesh wreath in a crafting store and I wanted to see the ins and out of making it. Fantastic ideas and easy to follow.

It is a great starter reference book. The technique has advanced a little but the book has a lot of great ideas and how to's such as what you will need to make the wreath, how to make a bow, a great assortment of holiday wreath ideas and a special section on how to layer the ribbons, and materials to add to the wreath. I wish you had more of these books!!!

Easy to follow instructions. Not very informative on ideas for customizing your own wreath. Also, the craft stores have the rings with pipe cleaners already attached and twice the size and these pose a problem since they are larger than what the instructions call for.

Love this book it is very helpful in making Deco Mesh wreaths.

okay

Love it
