More Haunted Michigan: New Encounters With Ghosts Of The Great Lakes State (Ohio)

Synopsis

The Presence of the Paranormal Rev. Hunter invited readers of Haunted Michigan to open their minds to the presence of the paranormal all around them. They opened their minds . . . and unlocked a grand repository of their own personal supernatural experiences. Hunter investigated these modern, active hauntings and recounts the most chilling and most unusual here for you, in further confirmation that the Great Lakes State may be one of the most haunted places in the country. More Haunted Michigan brings you antique ghosts from Jackson, theatrical ghosts from Dowagiac, a growling ghost from Mackinac Island, and even a feline ghost from Otsego. There are ghosts who hang out in mirrors, a territorial creature that curses a Christmas tree farm, an angelic janitor, a talking cemetery, and a family terrorized for decades because their house sits on a portal to the spirit world. Join Hunter as he tours the state, documenting the unexplainable and exploring the presence of the paranormal in our lives.

Gerald S. Hunter is an ordained United Methodist minister currently serving a parish church in mid-Michigan. He was educated at Albion College, where he received a Bachelor of Arts degree in Religious Studies, and at The Methodist Theological School in Ohio, where he received a Master of Divinity degree. Rev. Hunter is currently enrolled in the Master of Counseling program at Central Michigan University in Mount Pleasant. An avid writer, Rev. Hunter has had articles published in

The Detroit Free Press, The Akron Beacon Journal, and The Michigan Christian Advocate. He has also taught creative and business writing at Saginaw Valley State University as an adjunct instructor of English. Rev. Hunter and his wife, Tracey, maintain a home in Hillsdale County, Michigan.

The author of this book must be the most gullible person imaginable. I only read the first 3 stories, but they were pathetic. First, he goes to this house where the woman insists there is a ghost in the bathroom with him that is there all the time, every day, and, although he can see there isn't, and he takes a picture and nothing shows up, but he still believes her. At that point, I thought, well this guy is a little naive. Then he tells the story of this very religious catholic family that have lived in a house by a cemetery for over 20 years. They have allegedly experienced all kinds of horrible things. Ghosts attacking them, apparitions, spectral violence, demonic spirits. being attacked by entities every night, seeing ghosts and demons on a daily basis - but he never asked the most obvious question: WHY DID THEY NEVER LEAVE? if their stories are true, why would they stay in that nightmare for 20 years and not move? And since they are supposed to be very Catholic and super religious, why didn't they tell a priest ? The author does claim that they eventually contacted a priest YEARS after first being tormented by the alleged ghosts and demons. And the priest was supposedly sent running from the home. Then the author visits and even though he has been told that ghosts are attacking people on a daily basis, sees nothing unusual and senses nothing. But he still believes the family! And then a medium who simply drove past the house weeks after his visit told him (after he told her he visited) that she saw him there (with her psychic powers) and saw monsters with pig snouts around him. AND HE BELIEVES THAT The author believes every single thing people tell him with no questioning or logical examination. I believe these people are making stories up for attention, and the author is eating it up. Show me some evidence!

Original accounts, personally investigated by the author - and something new that I've never seen in a ghost book before, the accounts are rated by the author (who has a pleasant "voice") on level of scariness. You'll agree with him!! highly recommend this book and I've read a LOT of ghost books. I plan to get his other book and any other ghost books he writes.

super book

This was a part of a package of "ghost" books that I purchased for my eleven year old grandson. A great choice if a person has an interest in this subject matter.

I am a big fan of ghost stories, especially supposedly true ghost stories from Michigan. I absolutely adored Gerald Hunter's first book, and I waited anxiously for the sequel. I had heard rumors that the second one would concentrate on Detroit and the surrounding suburbs. This pleased me as I live in Metro-Detroit, and very rarely find ghost stories about my area in print. When I finally picked it up, I was somewhat disappointed to find that only a handful of the stories were from southeastern Michigan. Also, stories from other U.S. states were included at the end. There have to be more haunted locations beyond the U.P., and other northern Michigan parts! For me personally, reading a story about a haunt hundreds of miles away is as relevant as if it were in another state. Other than this complaint, the book, like the first one, is a great read. Mr. Hunter has a very laid-back, yet detailed style of writing. Whether you're from Michigan or not, you should pick it up. The story from Dearborn Hgts. alone makes it worth the price for admission.

This book feels a little bit hasty compared to the first book. It is still good to read, and it is head and shoulders ahead of the typical books of this genre. If you like ghost stories, you will like this book.
