Whether you color for fun, relaxation or to stimulate your creativity Mindful Coloring Books has something for you. Creating coloring books began as such a marvelous experience and quickly turned into a fun and creative adventure.

Very cute and everything. Arrived on time and was undamaged. However, this is a small coloring book with fewer pages than expected considering the price and the pages are one sided. I go through coloring books fairly quickly and had hoped that this one would last longer. Also an

inordinate amount of the pages in the book are ads or "previews" for their other coloring books that were not cute and over all I feel that this color book was cute but not worth the price. I love the images but will not be buying from them again.

Love the pictures, they're adorable and allow you to play with all types of fun colors. Also, there's a "tester" page with a grid which is great because you can test out colors & see how they appear on the paper. I knocked off 1 star because I wish the paper was smoother, it's a bit on the rough side, which doesn't feel as good when you're coloring & it makes marker & pencil lines obvious & hard to blend. The Prismacolor blending pencil helps with this. But overall, I love the book!

This has been my fav coloring book since I got it! The unicorns are so cute in every picture!

Fantastic little coloring book. Bought for myself and its a joy to color in.

This coloring book reminds me of my kidos delight with "My Little Ponies" and "Rainbow Brite." Children and anyone who like anime style drawings will like this coloring book. There is lots of different things to color in this book.

Adorable!! Great buy.

I just love thos color book! The pictures are beyond cute ãfÃ ã Å,Ã ÆœÃ â – so much fun to color.

Shopping for 9 year old girls and up is pretty hard since they are in that in between age. I thought that this coloring book would be cute and not overwhelming. The paper quality is good and the pictures are very kawaii. This is a great product and I hope to buy more in the future.
