OKAYADO is a Japanese manga artist best known for his New York Times best selling series Monster Musume and 12 Beast. He recently visited North America for the first time as a special guest at Anime Expo 2016.

Fantasy, action, comedy, a giant hornet sting in the nipple, what else could make this volume better. Well? 2 new monster girls

Well from the begining I thought the author was trying to both subvert the harem genre. Well yes? Thats happening? What were getting this volume is a slice of life chapter with miia trying to find a job. A shonen fight with a honet woman. A dungeon crawl and well...some terrifying hints at a vampire. Is it still a harem... Not really. Is it still monster musume. Yes. Will this fight increase thw harem? I doubt it. Will there be naughty bits mixed in. Well definitely

A very good volume which holds some mystery and a big cliffhanger, the opening was interesting and held a strange feeling to it. On top of that my son was enthralled in the story line and looks forward to the next volume when it arrives.

The writer is doing a $\tilde{A}f\hat{A}$ \tilde{A} \hat{A} \hat{A} \hat{A} \hat{A} hoo with no bis on the girls he treats all the same thank you for a story hope there will another anime.

Volume 11 of Monster Musume could easily be broken into 2 parts. The first part is Miia trying out several jobs trying to earn some money to help with expenses. It is overall an entertaining montage, probably my favorite was Miia working at gym which was pretty funny. The second part is Cerea getting a part time job hunting down rogue monster girls. Of course she wraps up Kimihito into the misadventures. One adventure involves everyone believing they are in RPG. The jokes were spot on covering long held tropes of the RPG genre. Overall it's a very good volume for the series, the comedy delivered several laughs. There was also a nice tender moment. As with the rest of Monster Musume a word of caution for those who are concerned there is a fair amount of fan service.

saw the anime and want to keep up with the manga seriesarrived on time and undamaged

This series continues to deliver fun stories with just the right amount overt fanservice!

Love the series so much, definitely worth the read!!
