A Brief History Of Central America (Brief History Of... (Checkmark Books))

Synopsis

Central America is a tiny region, broken into seven even smaller nations. More than 5 million North Americans visit these countries every year, exploring Mayan ruins in Guatemala and Belize, discovering the rain forests of Nicaragua and Costa Rica, snorkeling in Honduras, and cruising through the Panama Canal. on the political events and cultural patterns that have shaped the region. Special themes, such as the causes of unity and disunity on the isthmus and the economic pressures on the rain forest from farming and tourism, are developed throughout the book.

Coverage of the history of the region is up to date with new developments, including the continued struggle in the after-math of the civil wars, the impact of the free trade agreement signed with the United States, and recent elections. Neighbors, The Spanish Conquest (1492-1541), The Federation of Central America (1823-1839), Civil Wars (1975-1996), The Challenge of Peace and Democracy, and more.

Customer Reviews

.. "a well-written book and an excellent addition for all library collections." .. "a handy reference for basic data concerning Israel since 1948 ... Recommended." .. "the author's devotion to Bolivia and concern for its future shines through... Recommended." "The book provides an unusual and noteworthy blend of narrative detail with a broad analytical framework... Recommended..." "This book will be a good place to start for anyone doing general research on Peru and is recommended for

general and academic collections.".,,"concise and interesting accounts of the histor[y] of Brazil...most appropriate for university collections and could be used as [a textbook] for undergraduate classes in Latin American studies." --This text refers to the Hardcover edition.

Lynn V. Foster is a writer, former research scholar, and adjunct faculty member in the Hispanic Studies Department of the University of Massachusetts at Boston. She is the author of Facts On File's Handbook to Life in the Ancient Maya World and A Brief History of Central America.

Summarising such a culturally dense region into 300 pages is impossible but well done with some nice side bars for interesting characters along the way. Always want to read more but then it wouldn't be `a brief history` would it?

This truly is a brief history of Central America. It is very concisely and precisely written . If one is traveling or even interested in this area of the world it gives a very excellent over view of the history of this area from pre-Columbian time until now. It adds to the understanding of what is going on in this sometime overlooked region.

Very well laid out and easy to understand. Love the extra information embedded at various points that describes people and events that impacted the area being discussed.

Packed with information.

I read this brief history of Central America while touring through 4 of these countries. It was very informative about past Mayan culture, but also the recent events which many of us in the US were unaware of while the civil wars raged in CA. I highly recommend it.
