Seven Wonders Book 4: The Curse Of The King CD

Synopsis

Three battles
Thirteen-year-old Jack McKinley has fought impossible odds to save himself, his friends, and the world. Having already defeated the Colossus of Rhodes, hunted through Ancient Babylon, and outfoxed legions of undead, the Select have recovered three of the lost Loculi hidden in the Seven Wonders of the Ancient World, only to lose one of them in order to save a life. They must now find a way to undo what has been done, to save themselves from the power that will overwhelm them—and destroy the world.
Two rivals
Not only do Jack and his friends have to unearth these seven ancient wonders, but they also have to contend with the Massa, an organization bent on using the Loculi for evil. The Massa have taken over the Karai Institute and convinced former friend Marco to switch sides. Outnumbered, under-equipped, and growing weary, Jack, Cass, and Aly come upon their greatest challenge yet—the long-lost Statue of Zeus.
One enemy
As the clock runs out, our heroes must confront gods, relive old battles, and face down their own destiny. Old enemies become new friends and sudden victories turn to certain defeats as the time nears for everything to change. The stakes grow impossibly high in this latest adventure from master storyteller Peter Lerangis.

Three battles
Thirteen-year-old Jack McKinley has fought impossible odds to save himself, his

friends, and the world. Having already defeated the Colossus of Rhodes, hunted through Ancient Babylon, and outfoxed legions of undead, the Select have recovered three of the lost Loculi hidden in the Seven Wonders of the Ancient World, only to lose one of them in order to save a life. They must now find a way to undo what has been done, to save themselves from the power that will overwhelm them--and destroy the world. Two rivals Not only do Jack and his friends have to unearth these seven ancient wonders, but they also have to contend with the Massa, an organization bent on using the Loculi for evil. The Massa have taken over the Karai Institute and convinced former friend Marco to switch sides. Outnumbered, underequipped, and growing weary, Jack, Cass, and Aly come upon their greatest challenge yet--the long-lost Statue of Zeus. One enemy As the clock runs out, our heroes must confront gods, relive old battles, and face down their own destiny. Old enemies become new friends and sudden victories turn to certain defeats as the time nears for everything to change. The stakes grow impossibly high in this latest adventure from master storyteller Peter Lerangis. --This text refers to the Library Binding edition.

Peter Lerangis is the author of more than one hundred and sixty books, which have sold more than five and half million copies and been translated into thirty-three different languages. These include the first four books in the New York Times bestselling Seven Wonders series, *The Colossus Rises*, *Lost in Babylon*, *The Tomb of Shadows*, and *The Curse of the King*, and two books in the 39 Clues series. Peter is a Harvard graduate with a degree in biochemistry. He has run a marathon and gone rock climbing during an earthquake--though not on the same day. He lives in New York City with his wife, musician Tina deVaron, and their two sons, Nick and Joe. In his spare time, he likes to eat chocolate.

I absolutely love this book. Alto of the time I laugh out loud reading it and sometimes I cry. I don't know wheneither or not to trust Marco. I hope Lay sees Jack is wayyy better and I hope Jack doesn't let the prophecy get to his head. The way this book ends (as a writer) is perfect but as a reader you are like nooooooooo. I have to wait until I get the next book!!!!????? Come on!!! You're killing me!!!!

Excellent addition to the series! Can't wait for Book 5 to see what happens! Well-written story that should hook even the most stubborn anti-reading middle schooler!

Excellent story telling, characters I find myself caring about, and a very creative premise. As one

might expect from a middle book in a series, this one gets dark and ends on a dark note. My only complaint is that they are quick reads with looooooong months between books being published. I've read many series, and this one, Harry Potter, and David Eddings' Belgariad are the ones that caused the most anxiety in waiting and excitement on day of publishing. I'll let others tell you the plot and offer spoilers - I prefer simply to leave this review saying I really like these books, and have enjoyed them immensely, and am very annoyed that I have to wait for the next one. Disclosure: I do know the author. But I write reviews based on my appreciation for the art, not the artist.

Books 4 & 5 complete my sister's collection. She does like the author and would recommend this series to anyone.

I absolutely love every book in this series and this book is no exception. If you like to read Percy Jackson than you will love this series. I am a huge fan of fantasy series that have an element of myth and history to them. It's great that the author doesn't feel the need to recap everything from the previous books but does a good job at integrating past books all the way through instead. The plot in this book keeps you guessing the whole time. I really like this series and I can't wait to see what comes next.

Another great installment to the series. I have to admit that I waited awhile before starting this book and so when I started, I was not as eager to continue the story as I probably should have been. After two chapters, however, the story had captivated me again and made it nearly impossible to put down.

I loved the story, it was awesome. SPOILER ALERT WHEN Aly fell in with Ulaa'ar at the end, I was like, what? How could Aly die? It leaves a 'deafening' ending that beats into my heart. I'm sure that Aly will come back in Book 5. And if she doesn't, I'll be disappointed. SPOILERS END Yeah, that all I have to say, except for this: It was weird having Marco back. :P

The saga continues and excellent reading for enjoyment.
