My daughter has really enjoyed using this book to collect the state quarters. The plastic sleeve that slides in and out makes adding and removing quarters very easy and I like that it's smaller (size of a normal book).

This a a nice coin holder. I love it because it has plastic sheets that slide over the quarters & helps to hold them in place and protects them as well.

Great way to display ones states quarters collection, affording views of both sides of each coin.

My child loves it. She is looking forward to filling the book in next couple of years. I think it is good to buy online to save money. It is exactly the same as the one sold in store.

very good

Product delivered on time and as described.
