numbers are really small and hard to read

More for kids kids or teenagers than adults.

Hours of entertainment! Great book!

very nice book

beautiful and pages are thick!

I'm only giving it 4 stars because unless you color your dot-to-dot you really can not get a sense of what the completed object is. However, my son does enjoy doing the intricate dot-to-dot book. It kept him entertained in the car on a long car ride.

some of the pictures were hard to figure out what they were and hard to do

Numbers/letters are very tiny. Must use magnifying glass. Must be my age. The pictures are lovely and grandkids have enjoyed coloring.
