When Giants Walked The Earth: A Biography Of Led Zeppelin

Synopsis

Veteran rock journalist Mick Wall unflinchingly tells the story of the band that pushed the envelope on both creativity and excess, even by rock n roll standards. Led Zeppelin was the last great band of the 1960s and the first great band of the 1970s and *When Giants Walked the Earth* is the full, enthralling story of Zep from the inside, written by a former associate of both Jimmy Page and Robert Plant. Rich and revealing, it bores into not only the disaster, addiction and death that haunted the band but also into the real relationship between Page and Plant, including how it was influenced by Page's interest in the occult. Comprehensive and yet intimately detailed, *When Giants Walked the Earth* literally gets into the principals heads to bring to life both an unforgettable band and an unrepeatable slice of rock history. --This text refers to an out of print or unavailable edition of this title.

Book Information

Audible Audio Edition

Listening Length: 18 hours 5 and 10 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Blackstone Audio, Inc.

Audible.com Release Date: October 22, 2009

Best Sellers Rank: #16 in Books > Audible Audiobooks > Arts & Entertainment > Music #43 in Books > Audible Audiobooks > Biographies & Memoirs > Artists, Writers & Musicians #66 in Books > Arts & Photography > Music > Biographies > Rock

Customer Reviews

Very well done.very inciteful.the behind the scenes look at the band is very good.i enjoyed it very much.thank you.ronald p.

Loved this book, well except for the imaginary scenarios in Italics. But worth it for any Zepp fan..could hardly put it down.

I felt this book gave an excellent understanding of who Led Zeppelin were, how they began, and what happened during their careers. I definitely enjoyed it and believe it to be very well researched.

The only thing I didn't like was when he wrote the numerous sections as though the person themselves were doing the thinking in that area. He may have based this on research, but it didn't fit the rest of the books.

Any Led Zeppelin fan should read this. It is a fascinating look into the rise of the mighty Zep. It does not sugar coat the lives of the different personalities of the band members, through the highs & the lows. It explains the dynamic of their break-up after John Bonham's death. And it attempts to understand why the long anticipated reunions have either been extremely infrequent or impossible. A very good book.

Love it! This book takes you not he wild ride of Led Zeppelin and it does not miss a beat!

Ok book. I wanted to say some things about it. But I think reviewer "334" said it best. this book had too many second- person view stories about the past 'italicized' stories. That is a recurrent problem with any Mick Wall book. So go to reviewer 334, thats my review.

Great book filled with tons of Led Zeppelin facts and stories. My 15 year old daughter loved it! Has read it twice.

Great read on Led Zeppelin, it is sad the greatest rock band in the world, let drugs and alcohol bring them down.
