Warman's Fishing Lures Field Guide: Values And Identification

Synopsis

This is the perfect lure guide for any collector. It fits nicely in a corner shirt pocket, or pants pocket to help collectors quickly and accurately identify 1,000+ old fishing lures. Listings for top lure companies such as Heddon, Shakespeare, Creek Chub, Pflueger, Paw Paw and South Bend include up-to-date prices, and detailed descriptions featuring size and color of lures. Readers will also discover valuable tips for expanding collections, and getting the most fun out of the hobby. This small, yet informative guide gives readers: 500+ colour photographs of in-demand lures; access to critical collecting information from the leading lure companies; and pocket-sized fun for a great price. Fishing fanatics and the people who love them will love this handy, fact-packed guide.

Customer Reviews

This book is a great little resource. I purchased it for my Dad for Christmas. He is an avid fisherman who has started collecting vintage fishing lures for the past few years. When garage sale season comes around, he and my Mom like to go look for treasures. When he opened this little book for Christmas, he was so excited. He did not put it down for hours. He said the descriptions and illustrations were great. He also stated that there were a lot of lures in this little field manual that he did not have in his larger resource books. He loved the fact that it was small enough to keep in his pocket when he's going to garage sales!

I bought this as a gift for my boyfriend who has recently started to collect old lures and he loves it!

It's a small book so he can take it with him as a reference when he's out antique shopping.

the book is wonderful I would have given it 5 stars if it wasn't so dam stubby as the book is it has 510 pages the book is 4"x5" and 1 1/4 thick Make it 8'x10' 255 pages and 5***** 5 star

This is an excellent book to carry in my pocket while at auctions or just looking up the values of the ones I currently own. It has good descriptions and pictures as well as information on who made them ,when and where they were made. I would recomend it to collectors or anyone interrested in old Fishing Lures. NR in IOWA

I found several lures that were not included in this guide. The pictures were on the sparse side and descriptions pretty broad in many cases. There was no index to identify page numbers of the lures that had the name and type stamped on them. If you are looking to collect lures or want a guide that is comprehensive, this is not the one.

I bought this book for my boyfriend and he loves it. It goes great with his fishing lure collection. And he keeps it on the coffee table so that other people can enjoy it too.

Purchased as a stocking stuffer for a son-in-law who collects antique fishing lures.He loved it!
