This is my 2nd "book study" I've done from Kay Arthur. I highly recommend them. I really think they are better than the "fancy" interactive ones by popular women teachers. These are strictly studying scripture, verse by verse, with no topical spin put on them. They are an EXCELLENT resource - I have used one as a participant in a small group with other women, and now I am using this one to study one on one with someone who has never done a directed Bible study before. I think they would also be fine to use for an individual study. No flash, no bells and whistles, cost effective, well-written, works at a good pace of a chapter per week. It is my goal to work through every book of the Bible with these studies.

This may be a wonderful study tool as I love Kay Arthur, but DO NOT BUY THIS IN A KINDLE VERSION as you cannot find the charts/illustrations to help study....blah...and of course you can't return it.....janky

great book full of good insight!

Like all of Kay Arthur's studies, excellent.

As always, Kay Arthur provides a good study of the book of James. If you are familiar with her technique of Bible study, and are on your own and do not have a Precepts class available, this is a good options...not as in depth as her classes...but a good study nonetheless

Excellent. Well written. Aids those wanting to learn more about Bible study method. Good points of question offered to the reader in each Chapter.

Kay's excellent educational format really brings out the Scriptures!

Excellent condition. Was exactly what I needed and expected.
