Customer Reviews

Put the car in 4-wheel drive and off we go. You'll know exactly what to expect on these back roads if you follow this book. I like details and this book gives them to me. I know exactly what I'll see and where. The map and sections titled For Nature Lovers, Stuff for the Kids, and Sites and Eats, help me plan my road trip. I like to be surprised by the beauty or history of the area, not by ending up on a road and wondering where am I? Following the map and the details of the trip provided in the book allow me to enjoy the trip. Good information.

Arrived as promised. Lots of fun drives.

I made sure to download this book before taking off for my next adventure in the Cuyamaca area of San Diego county. Thank goodness I did because it was awfully helpful in taking a little adventure off the main road out there. I appreciate the maps, diagrams, directions, tips and guide information this book provides. Very useful. Simple to read. Recommended.

This drive is a great way to explore some of the hidden parts of San Diego County's beautiful East County. The guide gave me a route through the area to see some hidden spots I never would have known about. What a great adventure!
