The Bride-to-Be Book: A Journal Of Memories From The Proposal To "I Do"

Synopsis

Filled with envelopes, insightful prompts, and other thoughtful features, the Bride-To-Be Book is a romantic, playful, and sincere keepsake book. Much will be done before saying "I do." Much will run through your mind before walking down the aisle. This is the place to capture, document, and celebrate it all. The Bride-to-Be Book is designed to preserve all the magic and excitement leading up to and including the big day: the proposal, the stories behind the ring and the dress, the parties, the toasts and speeches, and all the fun of celebrating with family and friends.

Contemporary yet sentimental, this journal will resonate with modern brides hoping to preserve, reinterpret, or create tradition. You'll find spots for writing and jotting, envelopes for tucking things away, and pages for snapshots and scrapbooking. And you'll see that prompts have intentionally been kept short and sweet (like a flower girl!). Because we get it: harried precedes married. The perfect gift or self-purchase for brides-to-be, this journal is sure to become a deeply-treasured memento.

I LOVE filling out this "journal" about our upcoming wedding! I went to the store looking for a Wedding Planner Book when I came across this. I basically wanted a way to compile all of my memories but found the Wedding Planner books to be more instructive than for memories. This book is perfect, it's like a mini scrapbook. I will still scrapbook all of my wedding stuff someday but this is a GREAT book for doing AS you going through wedding planning! The only downfall is that I have so many memories that it's stretching the book to its limit!

This isn't a wedding planner, it's a journal to record moments between the proposal and the wedding. It has prompts to help yo unwrite things that matter to you, and I love that it provides a tangible keepsake that has no electronic component-- it's real, it's in the moment and it is such a great snapshot of what is happening when you're writing what happened in real ink, with your own handwriting! I think it's a perfect gift for anyone who has just gotten engaged and is a beautiful way to preserve a very personal and important time.

I decided to get this journal because I wanted to keep track of our memories up until the wedding. I saw this in store and had to have it, so I ordered it on a few days later. It asks questions about the proposal and you and your fiance. Once it came in the mail, I couldn't put it down and kept filling it out. I suggest every bride buys this if they're interested in documenting their engagement and wedding planning.

I got this for myself a week after we got engaged. I am a scrapbooker and crafter but there is no way I could make my own journal and address all the questions/prompts they have in this book. It starts by asking a few things about dating, how you met, etc. then goes in to the proposal and what ideas you have about the wedding you want. There is even a section for wedding memories, after the wedding, the honeymoon, and 1st anniversary. Not only is this a super cute idea all around the book itself is great quality. The cover is nice and sturdy and has an elastic band to keep it closed. There are thicker cardstock pages throughout that are pockets for pictures and small mementos and

there is plenty of space to answer the questions. The layout is cute and fun!! cannot wait for some of my close friends to get engaged because I will buy this for them in a heartbeat! Such a great way to preserve memories! And the best part is -- it's not just for the bride! Examples of some of the contents: 1. he said, she said...me (when I realized he was the one):he (when I realized she was the one): 2. here's what's on my mind at the moment...I've had the most fun planning these aspects of the wedding:I need to take just a second to vent about:My overall emotional outlook right now (nervous, excited, exhausted, elated): 3. i do! i do! we did!what went through our minds when we first saw each other that dayme:he:it was (check the boxes) magical, emotional, a blur, exactly as we hoped and imagined.

Great gift for a Bride to be.

This is a super-fun "scrapbook" Bridal book to do while you're engaged! It has pockets for cards that people send you from when you announce your engagement along with places to tape or glue pictures throughout your engagement, and it also allows for you to write down various different thoughts throughout your engagement leading up to the wedding.

The cover is flimsy and I had to reinforce it with tape, but I do like the contents of the book.

This book is so fun! It has pages to document your first date, engagement, showers, dress fittings, rehearsal, wedding day and so much more! I love that every tab for a new section is also like a folder to put keepsakes in. This is so fun I can't wait to be able to use this to go back and look at I the future!
