Lemony Snicket had an unusual education which may or may not explain his ability to evade capture. He is the author of the 13 volumes in A Series of Unfortunate Events, several picture books including The Dark, and the books collectively titled All The Wrong Questions.

BEHIND THE SCENES WITH COUNT OLAF appears to be the typical behind the scenes movie book. However, once you begin reading the pages and looking at the pictures, you realize it's not. The whole concept behind the book is that Count Olaf has "edited" the original BEHIND THE SCENES BOOK. The dialogue that is supposed to go with the pictures is often covered over what appears to be scratches of paper and tape that are written on, explaining what Count Olaf wants you to know. It's a cute sight gag, usually only seen in books for young children. However, for anyone who knows anything about THE SERIES OF UNFORTUNATE EVENTS, you know that the gimmick fits perfectly into the general tone and theme of the books and upcoming movie. There are lots of photos from the film and a few surprises for those who haven't seen the movie yet and who have only read the books. So, why don't you make your uncle Olaf proud and buy this book?

I loved A Series of Unfortunate Events when I was a kid and I love the movie, when I saw this Behind the Scenes book I knew I had to get it. If anything I figured this book would at least be entertaining. It was definitely entertaining and this story had me laughing out loud. I love that it was two stories in one, the behind the scenes and then Count Olaf's behind the scenes haha. I think this would be an enjoyable read for anyone who is a fan of the series or the movie.

This book tells a pretty good much about the movie, and is great for almost any "Series Of Unfortunate Events" fan! This book shows many pictures, tells who the characters are played by, and that kind of stuff! I personally think this book is perfect for any person that is looking forward to the movie (which is being released December 17th).

I bought this book with my \$7.00. And I love it. It tells behind the scenes of Lemony Snicket's a Series of Unfortunate events. I really like it because 1. it's a behind the scenes book 2. Count Olaf is my favorite Character!

Not a bad book overall, as it does have some shots of the costumes but my issue is that they are fairly dark in most of the scenes and I wanted to see more detail.
