The Associated Press Stylebook 2009 (Associated Press Stylebook & Briefing On Media Law)

Synopsis

The style of the Associated Press is the gold standard of news writing. With The AP Stylebook in hand, you can learn to write with the clarity and professionalism for which the Associated Press is famous. Fully revised and updated, this new edition contains more than 3,000 A to Z entries—including more than 200 new ones—detailing the AP's rules on grammar, spelling, punctuation, capitalization, abbreviation and word and numeral usage. New entries include anti-spyware, high-definition, iPhone, outsourcing, podcast, text messaging, social networking, snail mail, WMD and Wikipedia. You'll also find answers to such widespread questions as: How should bankruptcy and mergers and acquisitions be covered? When should the names of government bodies or businesses be spelled out and when should they be abbreviated? What are the general definitions of the major religious movements? Which companies do the big media conglomerates own? Who are all the members of the British Commonwealth? What constitutes "fair use"? How should box scores for baseball games be filed, and how should sports terms like minicamp and wild card be used? What exactly does the Freedom of Information Act cover? With invaluable additional sections on the unique guidelines for business and sports reporting and on how you can guard against libel and copyright infringement, The AP Stylebook is the one reference that all writers, editors and students cannot afford to be without.

Product Dimensions: 9 x 6.4 x 0.9 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars 62 customer reviews

Best Sellers Rank: #140,474 in Books (See Top 100 in Books) #10 in Books > Law > Rules & Procedures > Witnesses #28 in Books > Law > Media & the Law #141 in Books > Textbooks > Communication & Journalism > Journalism

Customer Reviews

The Associated Press (www.ap.org) is the essential global news network, delivering fast, unbiased news from every corner of the world to all media platforms and formats. Founded in 1846, AP today is the largest and most trusted source of independent news and information. On any given day, more than half the world's population sees news from AP.

Yea. But definitely keep up to date on this one. Styles changing constantly. Don't recommend buying older versions unless you are doing research on writing styles.

If you write -- even just reviews here on -- you need this book. Any copy works, the year doesn't matter as much. If you're not familiar with this book, it's a guide to acceptable spellings, acronyms, capitalization, etc. in U.S. (periods in text, US for headlines only) English. Unfortunately, even reporters are rarely referring to this stylebook anymore.

This is a useful enough guide, but I have recently abandoned it for the New York Times Style and Usage manual, which is far more complete, and easier to use.

It was a required book for me to get for my uni classes. It's just a plain AP style book. It came in good condition, though its soft cover so it's now all frayed in the corner. It was two years out of date when I got it, but it didn't seem to matter. A lot of people in my class had ones from 2005 and 2006, which was a bit too outdated (it was just a bit inconvenient and otherwise, nothing detrimental), but this one was just fine.

A must have for all journalists, writers and bloggers. I started using the AP Stylebook back in 1990 when I began working as a reporter for a newspaper and it has sat next to my computer ever since. The Holy Grail for any aspiring (or experienced) writer. A dictionary, encyclopedia and text book all in one. Updated yearly and easy to read. Chapters include stylebook, sports, business, punctuation and media law guidelines.

One book from college I never sold back and still use to this day. Don't leave home without it!!!!

Delivered exactly as described. Definitely helped me with my coursework and would buy again if I needed to.

This book is a "must have" for journalists of any stripe. I have chosen to follow AP Style, with rare exceptions, for the Christian magazine I edit. I refer to it repeatedly to answer questions that stymie many writers, such as: Do you capitalize "Western"? Do you spell out numbers? This is a foundational book for all writers. Get it.
