Dragonsworn: A Dark-Hunter Novel (Dark-Hunter Novels)

Synopsis

There is nothing in the universe the cursed dragon, Falcyn, hates more than humanity . . . except Greek humans. In a war he wanted no part of, they systematically destroyed everything he'd ever cared for. Now he waits for the day when evolution will finally rid him of the human vermin. Medea was born the granddaughter of the Greek god Apollo, and among the first of his people that he cursed to die. But she will not let anyone rule her life. Not even her notorious grandfather. And when Apollo sends a new plague to destroy what remains of her people, she refuses to stand by and watch him take everything she loves from her again. This time, she knows of a secret weapon that can stop the ancient god and his army of demons. Once and for all. However, said device is in the hands of a dragon who wants nothing to do with politics, the gods, humanity, demons or Apollites. And especially not her. He is the immovable object. She is the unstoppable force . . . When Apollo makes a strategic move that backfires, he forces Falcyn back into play. Now Medea either has the weapon she needs to save her people, or she's unleashed total Armageddon. If she can't find some way to control the dragon before it's too late, Falcyn will be an even worse plague on the world than the one Apollo has set loose. But how can anyone control a demonic dragon whose sole birthright is world annihilation?

Customer Reviews

Characters were just not interesting to me and I got bored half way in. I have read all of the books in the Dark Hunter series and used to love the fast pace, lots of action and unexpected twists with the characters. Now I find all the characters and plots are just a rehash of previous stories and theres just too much preaching of how life is hard with a lot of suffering even though the main character is the most powerful ever created, blah blah blah. I will just wait from now on until the price goes down and buy only if the story is about one of the older characters like Savitar.

This is a Lords of Avalon meet Dark Hunters dream. You get Medea and Max's big brothers Falcyn's story. You do find out who Falcyn's father is. I'm dying for more on this series, and Thorn's story. We still don't know who Thorns father is.... lovely how Medea and Falcyn's story unfolds. Great twists, turns, and such a ride. I skipped sleep to read it, of course. I can't wait for more Deadman's stories....

I love all the Dark Hunter novels, this one too..... I just don't like how this one ended. It seemed very abrupt. That being said, I hope it doesn't take as long for the next novel to take up where this one left off. Most of these novels, ended better. This one sort of leaves Falcyn and Madea hanging. I would still recommend this book the story was good, and I enjoyed all the characters!

... and gods, charontes, daimons, shadows, and babies. It seems i can rarely say anything bad about these books and this author. I will sassy that it took me four sittings to read this one, but only because I wanted to savor it. Okay, the loving sarcasm from just about every person got a bit boring, but I see the appeal in creating that personality type. Hilarious. Attractive. Seriously, this was another fun book, introduces new characters, and contains cliffhangers.

I loved this book. I loved all the characters and how this book pulls them all together. Nothing like getting your head wrapped in a book with all its twists and turns - then smack upside the head with a twist you would never expect. Now we wait impatiently for the next on to come out and the cycle to repeat. Best couple of hours of reading.

When you never wanted a bad character to die so much you read this book. It has new characters and old returning but not as much of the older characters. I kinda want all of the to start coming back but only if it's nearing the true end of the series. I've read this entire series countless times and it never gets old!!

This Dark Hunter book is all that I was hoping and more. I would say it was worth the wait but I have no patience whatsoever. SPOILERS/ QUESTIONS FINALLY ANSWERED
Cure for the daimons
Ash's real father
What really happened the night Phoebe got killed
and so much more

She is a prolific writer. Thank goodness. This book was every bit worth the wait and price. No matter which one you pick up, you're not lost or confused. All her books leave you dying for the next one. I love Falcyn and Madea. No matter how evil they can be redeemed. Urian is one of my favorite characters.
