Customer Reviews

Awesome book!

I've been tutoring the SAT for 7 years and I've always had trouble speeding up my students on the reading section. The strategies in this book actually work! I tried them myself and sped up my own reading by 5-10 minutes.

Very useful!

Excellent

The Reading section of the SAT used to be my worst section, but after I used the methods in this book and practiced actually using them, I wondered why I didn't think of them myself because they are so simple but effective! 6 weeks after I bought this book and practiced using its strategies, I got a perfect score on the reading portion of my SAT and am going to Stanford next fall!! Thanks Prep Expert! -Abraham David
