His blog, wheatbellyblog.com, has been visited by millions of people. Dr. Davis has also shared his passion for wheat-free living on national television shows including The Dr. Oz Show and CBS This Morning. His Wheat Belly Total Health program became a public television special. He lives in Wisconsin.

I have been following Dr. Davis and living the Wheat Belly lifestyle for over a year and a half (as of 1/14/17). I've been grain, sugar and potato free for that long as well! I love "Wheat Belly Total Health" is the most comprehensive book that he has out! I've lost close to 130 lbs and reversed my diabetes and SO much more! So, what about "Wheat Belly Slim Guide." I pre-ordered it, read it, and I love it!! It's so small and yet covers so much! It gives you all the essentials that you need to get started as well as a great guide to carry around with you! I pulled it out a few times in the grocery store the other day. Great information! Even which brands to buy on a few items. My guess is that once you read this, get grain free and feel so much better than you ever dreamed possible again, you will want to know more! Great to add to your Wheat Belly library if you already have others too!!

I've been grain-free 2 1/2 years and experience so many health improvements I can't imagine turning back. This is a great short version to pass around to those you find it hard to influence.

Life changing -- finally gave weight control back to me by removing food cravings.

Excellent resource for anyone pursuing the wheat-free, low-grain and low-carb dietary lifestyle. Pursuing said lifestyle is making a wonderfully positive change in my life. Belt in 3 notches, weight down 12 pounds, better digestion, more energy and mental clarity. No going back for me because the benefits are just too good to even consider it.

I don't always have time to look through my wheat-free resources for a quick recipe idea or shopping list. Now I have just the resource in my Kindle on my phone. Good job.

Nice to have a small, portable guide. I am a new convert! Only 2 weeks in and I've lost 5 lbs, and yes, I admit, I've gone over the recommended 15 net grams of carbs per meal, but not by much. Going grain free appears to be helping me shed unwanted pounds!

All the basic facts needed to lead a health life by eating the right foods.

Handy to carry with you
