Parker Pyne Investigates

Synopsis

A collection of short stories featuring the redoubtable 'heart specialist', Parker Pyne. This volume, in its contemporary Agatha Christie Collection livery, perfectly illustrates Agatha Christie's critically-acclaimed foray into light-hearted, romantic mysteries. Mrs Packington felt alone, helpless and utterly forlorn. But her life changed when she stumbled upon an advertisement in The Times which read: 'ARE YOU HAPPY? IF NOT, CONSULT MR PARKER PYNE'. Equally adept at putting together the pieces of a marriage or the fragments of a murder mystery, Mr Parker Pyne was possibly the world's most unconventional private eye - and certainly its most charming.

'Crimes of the heart were his forte.' Observer

Mrs. Packington felt alone, helpless and utterly forlorn. But her life changed when she stumbled upon an advertisement in the Times that read: "Are you happy? If not, consult Mr. Parker Pyne." Equally adept at putting together the fragments of a murder mystery or the pieces of a broken marriage, Mr. Parker Pyne is possibly the world's most unconventional private investigator. Armed with just his intuitive knowledge of human nature, he is an Englishman abroad, traveling the globe to solve and undo crime and misdemeanor. --This text refers to an out of print or unavailable edition of this title.

This one is a fun aside for Agatha Christie. Her "detective" was once a Clerk in an office where he

learned about people - what they wanted in life. So he put an ad in about "Are you happy?" He then decides what will help them. Its a fun read because people are interesting.

Fun little short stories that I can enjoy when I have a few minutes. Parker Payne, rather than investigating murders on every corner, is in the business to help people find some happiness in life. I've probably read too many murder mysteries so I find these little shorts refreshing. As they are short stories, there are holes in some of them. If you are one to quibble about such things, then this book is probably not something you would enjoy. I just wanted a quick, casual, pleasant read and was not disappointed.

Excellent product and service. Another great novel from the greatest mystery writer ever. Excellent. I wish agatha could have wrote these great novels forever. She was truly a magnificent author.

I just love to read status Christie books. I wish more movies were made of these books . They are great entertainment without all the sex and bad language

I really enjoyed reading this book. As Hercules Poirot and Miss Marple are 2of my favorite detectives, I love the wonderful mind of Agatha Christie, her detectives, and her settings. If you've read her other books, this would be a wonderful opportunity to meet a new one!

I chose this book because I am a die-hard Christie fan. I would read (and probably nearly have) anything she wrote.Mr. Parker Pyne is not my favorite because I find him just a tad boring, but there's a lot of good psychology in his stories, and they are fun to read.

I simply love Agatha Christie. This is a great collection of short stories, that make you think about what you really need to be happy

Agatha Christie is always good but this is one of her best. she has a collection of short stories from all over the world. From her home of the U.K. to Iraq and even medieval Iran. She traveled to Iran a few times and fell in love with the beautiful country as did I and when she came home she wrote about one of her favourite cities in Iran....or Persia as it was known to westerners back in those days. If you ever get a chance to ready this book I urge you to pick it up.got my copy from C-Books in Lowestoft, Suffolk and I recommend them.
