# Health Care Finance: Basic Tools For Nonfinancial Managers (Health Care Finance (Baker))

## Synopsis

Health Care Finance: Basic Tools for Nonfinancial Managers is the most practical financial management text for those who need basic financial management knowledge and a better understanding of healthcare finance in particular. Using actual examples from hospitals, long-term care facilities, and home health agencies, this user-friendly text includes practical information for the nonfinancial manager charged with budgeting. The Fourth Edition offers:

- An expanded chapter on Electronic Records Adoption: Financial Management Tools & Decisions
- New chapter: "CD-10 Adoption and Healthcare Computer Systems"
- New chapter: "Other Technology Adoption and Management Decisions"
- New chapter: "Strategic Planning and the Healthcare Financial Manager"
- New case study: "Strategic Planning in Long-Term Care" that connects with the chapter on strategic planning
- New appendix: "Appendix C: Employment Opportunities in Healthcare Finance"

## Customer Reviews

I had to use this book for one of my courses to earn my MHSA. This book is full of fluff and hardly any examples.

If you are taking a finance course, then this book is very useful!

This book was so easy to follow and understand! I have no experience in finance and I found that this book is a great tool for learning. I highly recommend it!

This book is too general. It's like reading the New York Times. Don't buy it for a class. You won't learn much from it. You might as well read wikipedia.

This text was a little hard to understand, but I eventually started to comprehend what the author was talking about. It helped me pass most of my exams with flying colors

Needed this book for a class. It gave basic concepts, but didn't go into much detail. This is great for a person with no finance background. I found it to be very vague with explanations.

Very easy to read and follow. Great homework at the end of each chapter that helps you better understand the material.

It was ok, but not too interesting or resourceful.
