This is the beautiful art that we expect from Ms. Phelan but the print quality of this calendar is not that great. Hope next year's will be better. I'll probably try and get a look at it in a brick and mortar before purchasing. Paper quality is good but the printing is not so good. I'm giving it a 3 based largely on the art and paper. If I was just rating the printing, I'd go with 1 star.

I love Diane Phalen's scenery with quilts artwork. I have her calendar hanging up by my desk at work. I love looking at the calendar scenes at random moments during my busy day and take a couple moments to escape.

The large quilt show in Sisters, Oregon the second weekend in July features many quilts like the ones shown in the calendar so I purchased for a friend to remind her of our lovely country.

Oxenride thought that I was getting a 2013 calendar. I was very surprised to see that it was a 2012 calendar.

the calendar is splendid. the service of e was very good and quick! Every day i look to it with pleasure!

You won't find any quilt patterns in this calendar. What you will find are pictures that have quilts in them. 12" x 12" photos show wonderful scenes each of which has a quilt somewhere in it. The calendar has large squares to keep track of your busy schedule. Each painting is shown at the top and the bottom has a nice sized square for each day of the month. There are also month before and month after calendars, along with one square containing information about the painting. Painter or quilter, you can enjoy this useful calendar all year long. I am even thinking of framing the photos to hang in my sewing room.
