Informative and insightful! This is a good use of your time. The book breaks it all down into bite sized chunks! Clearly, this is information that should be taught in schools and a conversation that needs to happen. Too many people these days are falling behind and we all need to raise our

awareness. We need to increase our financial understanding and get our heads out of the sand. Some experts are saying we are in for another financial meltdown in the not to distant future. I happen to agree. Read this book and many others! Take action and give yourself options! Don't be a victim! My thanks to the author and all those who have inspired me to seek financial guidance!

This book will teach you about Passive Income. If you are sick and tired of your 9-5 job, this book will help you in suggesting alternate career opportunities. It offers many ideas for you to start your own passive income and explains them well. Will recommend it for sure.

This is such a nice book! Very informative. Making money online is really good but at the same time a risky one. Small but consistent steps towards realizing the making of money online is a good way or shall I say a key to avoid any possible loss.

Like almost all of the other books on this topic, it is simply too shallow to be of much use. I suppose it gives some ideas if you're absolutely brand new and uninformed to the idea of passive income, but it lacks the details to get started. It's also missing some pretty significant streams as well. On the other hand, for \$0.99, who cares?

As an online business owner I find this such a good read. I've learned more about my business just implementing the strategies and techniques this book offers. I recommend this book to everyone doing online business from newbie to seasoned entrepreneur. You'll definitely find something to learn from in this book.

If you are new to Passive Income this is your book, I just like how informative the book is. Plus, the way they explain every concept make it very easy to understand.

I like how the information is straight to the point instead of it being drawn out. Great for a quick read to get information on learning about some of the ways to earn passive income. I didn't give it 5 stars because of grammatical errors.
