Lynn Bardowski is founder of Million Dollar Party Girl. Don't let that nickname fool you. As a working mom, Lynn followed her inner Visionista and had the courage, vision, and belief to leave the safety net of a successful corporate career and pursue her own personal dream of "empowering a gazillion women to discover their glow." She overcame fear, failure, and mommy guilt to become a multimillion-dollar revenue-generating entrepreneur. And, according to a recent Wall Street Journal Small Business report, "Just 1.8% of women-owned businesses generate more than \$1 million in annual revenues." That puts Lynn at the top of her game. As the creator of the Million Dollar Party Girl brand, Lynn is an author and speaker who has successfully mentored and trained thousands of women. Featured on Forbes, Huff Post, CBS, FOX & more, Lynn shares her expertise with global audiences. Visit her website: www.milliondollarpartygirl.com

This is such a great book! While I know many are looking for tips and tricks, this book will do that if you take the time to read through the lines, find the humor and take notes. Throughout the chapters, I highlighted, kept a journal near by (Ideas were popping in my head as I was reading) and reflected on my reasons why I wanted to be in business for myself. I could also relate to all the things she talked about because I grew up in the same time frame. If you are younger, you may not "get" all she was describing but it will still give you great ideas if you keep an open mind. I purchased this as an ebook but I am looking to order as a paperback because it is one I want in my library of books as one of my favorites.

Success Secrets Of A Million \$ Party Girl by Lynn Bardowski contains Bardowski's story of what shaped her entrepreneurship influences (her family background, her early college life, having her own family, her prosperous career launch etc.). Pages twenty to twenty one discuss when the author first felt what her passion and purpose was. Pages eighty-two to eighty three touch upon how she taught her daughters a leadership program and their subsequent successes.

Quite disappointed. I read the book in about 3 hours - only 87 pages. Definitely over-priced! I feel the author talked about herself and family more than anything else. I took only a couple tips away

from this book. As I was nearing the end, I was already disappointed but then became even more so when the author bluntly points out her support for the Clinton's buy quoting Hillary Clinton and mentioning her own networking group modeled after the Clinton's Initiative. I will not purchase another one of her books.

I have not been a 'fan' of direct selling until recently. I came across a product that I absolutely love. And Lynn is handing me the way to let this product add to my life in more ways than just getting rid of wrinkles! Good, frank, commonsense advice - and such a fun voice! Love the book! Love Lynn!

This book is a "how to" manual for stoking that fire in your heart into an actual blaze of commitment. Lynn Bardowski inspires confidence and offers lessons that can be put to use for any business including the multilevel empire she has built. You will find yourself constantly rereading parts of this book and actually using the wonderful resources she includes.

WOW! I am so excited with Lynn's book! She writes in a way to make it look so extremely simple and puts it all into perspective for YOU! Great ideas to implement! Wish I would have come across her book years ago, but now I am going to share with my whole team! And Lynn instills the confidence in YOU, and inspires us to work smarter; not harder! Thank You for sharing your wonderful experience and successes with everyone! It is a MUST READ for anyone in the Home Party Business! Thank you Lynn, for opening my eyes to the truly wonderful successes that are ahead! I feel stronger, and more excited about my business!

What a great book! For such an easy and entertaining read it's full of great advice, strategies, techniques, ideas and resources. Lynn is so down to earth and so open about her own experiences I felt like she was telling me the story over a glass of wine! It was really inspiring and reminded me that I need to incorporate inspiration into my day every day.

LynnThis book is #1. Thank you for all the great info and free training offered. I would purchase again and again. My partners in business have received great benefits from your ideas and coaching.
