Store > Kindle eBooks > Cookbooks, Food & Wine > Canning & Preserving #398 in Kindle

Store > Kindle Short Reads > One hour (33-43 pages) > Cookbooks, Food & Wine

Customer Reviews

The book did a good job of hitting the high points but spent too long covering other topics and not long enough on the dehydration process.

I actually regret paying 99 cents for this.

This book was a disappointment. I mistakenly thought this was primer with several projects. I'm glad it wasn't more than 99 cents.
