Customer Reviews

Excellent book for pharmacology!

Not what I was expecting but I need it for school so I have to suck it up.

Very helpful! I used it beside my textbook.

like it was ok but was not required for the class. I used it maybe like twice and it had no effect on my final grade or how I did on tests. Just do assigned readings in class and you should be fine. Highlighting the actual text book was much more helpful and the highlighter costs one dollar.
