England North & The Midlands 502 (Maps/Regional (Michelin))

Synopsis

Michelin regional maps each contain practical road and route information. Special Michelin reads-like-a-book format for easy use in folding and unfolding. Useful information for planning trips, including gas stations, 24-hour service stations, toll gates, rest areas and service plazas. Clear, precise cartography. Icons pinpoint important travel information.

Average Customer Review: 4.5 out of 5 stars 15 customer reviews

Best Sellers Rank: #424,181 in Books (See Top 100 in Books) #75 in Books > Travel > Europe > England > General #358 in Books > Travel > Europe > Great Britain > General

Customer Reviews

Great detailed map for trip planning. GPS is great behind the wheel, but nothing replaces the whole picture you get with an old fashioned paper map. We'll be exploring one small area, so were able to cut away about half of the huge map and just take what we will use. It is a huge map.

A paper map seems obsolete In this day and age. And you cannot open this map on your knee while driving. However, it is sometimes helpful to be able to get the big picture, which is difficult to see on a laptop or GPS unit. It is also a cheap backup, in case your other devices fail. Don't waste your precious time asking for directions!

Michelin maps are without parallel, being surpassed only by the Ordnance Survey Maps of Great Britain. I used them 21 years ago when over in the UK and got the current version for my trip over next week.

Easy to use - but lacks some of the smaller roads.

nice map

great item, fast shipping

The map is highly detailed and for drivers it is the best available. I was somewhat disappointed that rail lines and stations are so faintly indicated, as I am planning to travel by train and hiking paths in Northern England, not by car. But considering that the publisher is a tire manufacturer, this goes with the territory. Just keep in mind that this is definitely a driver's map.

helpful
