SHANNON GILLIGAN is a writer and interactive game designer. She has spoken around the world about interface design. She lives in Warren, Vermont with her extended family and currently wears the hat of publisher in the re-launch of Choose Your Own Adventure. She still hasn't written a cookbook.

My grandkids ages 8 and 6 love Choose Your Own Adventure books. The other night when they stayed at our house, they were in bed at 7:30 ready for me to come in and read with them. They take turns deciding which path to take. These books are a great way to open up discussions on decision making and consequences in a fun and exciting way.

My 6 year old son loves this book! He can be pretty picky about books but loved the idea of choosing his own story every night. These are great books and I'll be buying more!

My son really enjoyed reading this book. Wished it were a bit longer though. He got through it too quickly.

Its a pretty fun concept and the book itself isn't too bad but every ending is kind of almost a little over the top, from no one ever seeing you again to all your legs and arms being broken... Still options are always fun.

Some endings scared my 6 year old a little but still such cute books

Cute story. Great opportunity to introduce "Choose Your Own Adventure" books to an early reader (1st-2nd). My son is a great reader, but shies away from chapter books. This is a great starter toward chapter books.

My little 9 year old enjoyed this book. I remember the teen versions and read them fondly as a child so I bought this one to introduce her to this choose your own adventure style of book. Not sure if she was as fond of it as I expected. She really like Dork Diaries but she did read them.

Ghost Island is a fun read. Students really enjoy it. Not scary more of an adventure as are all the CYOA books. ã Å Ghost Island (Choose Your Own Adventure - Dragonlark) (Choose Your Own Adventure. Dragonlarks)
