Union Of Sin (The Vault Book 2)

Synopsis

He'll do anything to protect her. Even if it means letting her go. Tate Jackson made a big mistake. No, a monumental one. He picked the wrong place to introduce his wife, Cassie, to the alluring lifestyle they'd fantasized about. Instinct told him to get her out of the poor excuse for an adult club •but he didn't. And she was assaulted because of his carelessness. He'll do anything to protect her from another traumatic experience, even if it means making the agonizing choice to convince his wife he no longer loves her. Cassie's not buying it. In fact, Tate is the last person she blames for that horrific night. She's willing to give him the space he thinks he needs to get his head straight, but when divorce papers arrive, she realizes she's out of time. She has twenty-eight days to figure out why Tate is ruining a perfect marriage. Twenty-eight days to figure out what he's hiding. But when she learns the truth, she has to decide if her heart can take the strain of piecing their love back together. Product Warnings: Dirty tactics, ropes, masks, guilty consciences, and love stretched so far, no one escapes unchanged. Not even you, dear reader. Please note: This book was previously released by Samhain Publishing. This new edition contains a few slight tweaks as well as a new setting for the series.

Customer Reviews

After reading A Shot of Sin I couldn't wait to get my hands on this book. Needless to say, Eden Summers never disappoints. This series freaking amazing!!! We met Tate Jackson or TJ in A Shot of Sin. He one of the three owners of the Nightclub Shot of Sin. What most people don't know is beneath the nightclub is where the true action happens in the private members only sex club named The Vault. After a tragic event which Cassie, TJ's wife, was assaulted TJ decided she was better off without him. He decides to file for divorce and Cassie has 28 days to convince him they belong together. The events that follow change both TJ and Cassie forever. This book pulled every emotion from me, including ugly tears. (Thanks Eden!! UGH) I laughed, I cried and I wanted to throw my Kindle. One thing I couldn't do was put this book down. I loved this story from beginning to end. Eden is quite a storyteller and the way she weaves her characters around us and pulls us in with them, you truly feel like you are experiencing everything with them. Tate and Cassie were truly heart wrenching to read. They both broke my heart many times over. By the end of this book I was more in love with Eden and her characters. I cannot wait for the next book in this series. I would give it more than five stars if I could. Eden Summers is Hot Romance Writer with slice of Sass and Sex on the Side.

Union of Sin is the second installment of Eden Summer's Vault books and this story does not disappoint fans of the series. Tate Jackson feels that he failed to protect his adored wife Cassie at an adult club a year earlier from being assaulted and decides that she will be better off without him. Rather than communicating openly with Cassie, he withdraws and starts divorce proceedings, much to her dismay. Fortunately Cassie is a strong female lead who shows that she is a fierce and tenacious heroine and fights to get Tate back. I loved her strength and courage to involve herself in The Vault club with Shay's help as part of her determination to get her happily ever after. There are wonderful interactions from the characters in A Shot of Sin that helps to tie together the story lines well and sets the tone for Brute's story to come in Brutal Sin.

I love books where the couple is already a couple. Tj and Cassie are a month away from a divorce that Tj started. Something went bad and something happened when they tried to branch out

sexually that Tj couldn't handle the guilt. They both still love each other so much that creates all this tension and angst in the book. Cassie goes in disguise to her husband's sex club the Vault. I loved reading the tension between these two. The book was so much better cause I could feel this love but also tension between the two. I was rooting for them to get back together but for a little bit I doubted it. You see lots of Shay and Leo and Brute in the book. I highly recommend. I couldn't put it down. I received a copy to voluntarily read and review with my own opinions. I have purchased the other books in this series.

****4.5 stars**** I bought a previous version of this book but it is essentially still the same story - just set in a different city. OMG - this book broke my heart a bit!! So much love but it was gut wrenching as it unfolded and the details were revealed. This husband and wife love each other so much but because of secrets and the husband trying to 'do the honorable thing' it is breaking them apart. Where book 1 was a flirty story that was much more light hearted - despite the sex club! - this one takes you on an emotional journey that will stay with you - at least it did for me... Totally recommend but you should read book 1 first to get the full scope of the story.

Another good story from the SIN. How to repair marriage gone wrong? Our heroine Cassie will show you how. I have to admit, she has the courage to employ some unconventional methods. TJ was a bit over the top martyr, I thought that there was some bigger problem, but hey, I can get how the whole 'I failed to protect her' can drive alpha male crazy. Only the divorce seems as a bit too drastic reaction. Nevertheless, I enjoyed the story and the characters and can't wait to see what's in the store for Brute.

In a sense, Union of Sin is a second chance romance, but to label it so simplistically just wouldn't do the book justice. There aren't sufficient words to describe Union of Sin except to say that it really blew me away! From the first pages, I was spellbound. The plot held my interest all the way to the end, so I was up reading until 4:00 am!. It was riveting and filled with angst. (Wow, do I have a book hangover!) The characters were complex, believable, and well developed. TJ is part owner of the Vault of Sin, along with his friends Leo and Brute. Cassie is his wife and silent partner in the Vault of Sin, in addition to working at a hotel. TJ and Cassie are in the midst of a divorce, and TJ won't even tell Cassie why. He admits that he still loves her and that there will never be another to take her place. She still loves him. So why are they getting divorced?!? (Seriously, TJ drove me insane most of the book, and I cried for Cassie more than once!) This is the second book in the Vault of Sins

series, but it can easily be read as a standalone. It is a MUST READ. I am totally hooked and can't wait for the next book in this series because Brute's story needs to be told! I highly recommend this book and series! I reviewed this book on behalf of A Book Lover's Emporium book blog.
