Jax's Dilemma: Insurgents Motorcycle Club (Insurgents MC Romance Book 2)

Synopsis

Jax, Sergeant-At-Arms of the Insurgents Motorcycle Club, likes his women easy. Raised in the outlaw biker world, Jax has bedded more women than he can count. The only things on his mind are big ass Harleys, scorching whiskey, and pretty women who can spread on command. Then he meets Cherri—the stripper with ice blue eyes and white-blond hair. He wants her in his bed. She would rather not. Cherri has complicated stamped all over her. Jax doesn't need a woman like her messing up his life. Too bad he can't stop thinking about her. Cherri ran away from a bad situation back home. She has secrets she hasn't shared with anyone. Stripping is her means of making enough money to start a new life, and nothing's going to screw up her plans. Then she meets Jax. He's gorgeous, sexy, and a cocky bastard. His tattooed, ripped chest and biceps make her drool. She knows she should run far away from him, but her body wants him in the worst way. Just as she begins to relax, her past collides with her new life. Cherri must navigate a deadly obstacle course littered with outlaw motorcycle clubs and a power-hungry politician. Jax won't stop until he claims Cherri. He vows to protect and love Cherri no matter what. When put to the test, will Jax betray his family—the Insurgents MC—or will he lose the woman he loves forever? The Insurgents MC series are standalone romance novels. This is Jax and Cherri's love story. This book contains violence, strong language, sensitive issues, and steamy sexual scenes. HEA. No cliffhangers! The book is intended for readers over the age of 18. Previous Titles in this Series: Hawk's Property (Book 1)

Customer Reviews

The summary of the book said that HEA and the characters fall in love and everyone is happy and so on and so on. Well for Moe that 50% of the book Jax and Cherri are with other people. These characters who love each other are having sex with other people? Not something I want to be reading when it's obvious Jax loves Cherri and wants to be with her but Cherri has some huge issues and really Max should've just moved on. This book also reminded me a lot of a Joanna Wilder book that she wrote so it just didn't sit right with me.

Book 2 in the Insurgents MC series. I did enjoy this book a lot. Jax is the Sargeant of arms in the MC, and is loyal to his club. But not loyal to any woman, and that's how he likes it. Cherri in her short life has been to hell and back, and is just trying to survive. From the minute Jax saw her, he knew he had to have her. Cherri has other plans and they don't include Jax, even though she feels the heat between them. She has so many secrets and past hurts, and is not willing to open up, especially to Jax. She knows he wants her, she sees it and feels it when she does her strip tease, but she is not willing to open up to someone who she feels will only hurt her, and he can't seem to keep it in his pants. Things happen, they go back and forth hurting each other, and it just leaves both hurting and angry. When things from Cherri's past come back to haunt her, Jax is there to save her, and just maybe they can have their HEA. But it's a process getting that HEA. This 2nd book in the series had as much hot passion as book 1 did, if not more. The back and forth hurting each other and Cherri having a hard time making up her mind and changing her feelings on Jax and him not being able to fully commit to only her being given in his bed I know for some may be off putting.....but it is their characters, and it's who they are and their past is what made them who they are now, especially Cherri. When you are told your bad and no good, you tend to believe it and it's hard to find good in yourself. I really did enjoy this book, and will continue with the series!!!!

Cherrie has had a rough life. Raped by her stepfather repeatedly, was a man's mistress who wasn't

nice, then kidnapped by a rival club and almost sold. Now she's a stripper at Dream House, the Insurgents strip club. Jax is sergeant in arms and has had a hard on for Cherrie since he first laid eyes on her but she wants nothing to do with men. He removes her from the stage because he doesn't want her stripping and that enraged her. How is she gonna to make enough money to get out of this town? They finally have sex and then she goes to work to find another stripper on his lap. She is furious and won't let him explain or give him another chance. She befriends an older member but he's more friend than lover. When her past comes back to haunt her and she is kidnapped, Jax will do anything to get to her back even go against the brothers. I hate how they treat women. But the stories are so addictive. Rough sex. Suspense. And a totally badass biker and a stripper trying to make a better life for herself.

I liked Jax and Cherri's story. Cherri was rescued by the insurgents in the first book from a rival club. Jax felt something for her even then and kept her around even if it was stripping at the Dream house. As their story progresses though they both try to get each others attention by making each other jealous. When Cherri and her daughter are kidnapped is when Jax realizes he is in love with her. My one small complaint I have is I wish to find out as the series progresses is how the prior couples are doing. Other than that this series is awesome. I hope the author never stops writing.

Cherrie's trying to put her life together after being rescued from certain death at the hands of a serial killer (Hawk's Property, Insurgents MC #1). She doesn't have time for Jax's attentions. Jax doesn't take kindly to Cherrie's refusal of his "affection". Toss in a jealous wanna-be girlfriend and an ex-sugar daddy for extra tension. This book takes us again into the underworld of bikers. A little less graphic than #1 with the "house parties" but no less intense in the emotions that are stirred up by the heroine's struggles. I only wish there was more detail written about the folks who eventually turned up missing and that a couple of others did so as well.

I loathed Cherri. I know she had a rough life and she was young and homeless when she made that fateful decision regarding McFahey, but damn does she ever learn her lesson? Poor Gunner, and playing dangerous games with Jax, and all he lost because of her made me sick. I felt she was dishonest, spiteful and STUPID. Jax deserved better and not Peaches. She got what was coming to her. The writing was great, I just couldn't get past Cherri.

Wasn't as good as the other two books I've read by this author. I didn't like Jax at all so it was hard

for me to stay interested in this story. He was a bully, a troublemaker, and just plain gross. Cherri was a messed up young girl that unfortunately, fell for this messed up man.

I liked the characters and the storyline better in this book than I did the first one. My gosh Cherri has had a horrible life. I don't want to spoil anything but thank goodness she had something to live for. Jax and Cherri both act immature a lot with making decisions without talking and listening to one another. They hurt each a lot and themselves too. Their relationship is prime example the key is trust and communication. Poor Gunner.
