Customer Reviews

It's a great learning book for my nine-year-old. All aspects of reading music and hand placement, etc. are covered. Two page spread has left side for drums and right side for "bells". Easy to read and understand. I'm thinking about getting another...one for school & one for home.

Great product, thanks.

We buy all of our music books from [Amazon](#) as they are the same price as any store and they come right to our door. This book is what our elementary band teacher uses it and my child is enjoying it very much.

good music book

Perfect as described

Great!

My son uses this book during his percussions class in school. The children are not allowed to bring the book home and I wanted him to practice. I was able to purchase the book and now he practices daily.

great for starting percussion!
