I wasn't paying close attention when I bought this book. Our church is not one that uses many praise and worship songs, so only a few are familiar. But, if you love praise and worship, you will LOVE this book. The pieces are well-written, and though it is labeled early advanced, I think it would work for mid- to late- intermediate also.

This book has beautiful arrangements that flow well. Not too hard. I could play these well the first time through sight reading with minimal practice to smaller portions of the songs, which is just about how I like things to be. "Be Still and Know" made this book entirely worth it to me....lovely arrangement that combines some of the classic hymn with the contemporary "Be Still and Know" by

Steven Curtis Chapman. It is HARD to find arrangements of contemporary songs that don't sound too choppy or disjointed; this book accomplishes that (or at least makes it easy to change a few of the rhythms around a bit to accomplish that.) Love it.

Nice to just pick up and play. I do a little "fill-in" easily. They sound nice. I am a long time church pianist. Mostly use these for preludes sometime combining them together wherever possible. Even use these with the other Alfred books. The song "How Great is Our God" is nice. All are appropriate any time. Would recommend to others. All songs are about 2 1/2 minutes long.

I wouldn't say that this is my favorite book for church offertories. I'm not a fan of the new praise songs, and this book is full of them. If you prefer the beauty of the age old hymns, than this isn't the book for you. I'm sorry I purchased it.

Needs to be a little bit more description for the level of this book. It was too hard, but we'll save it.

This is good for prelude music for me as I play a lot for church. At intermediate level, it's easy for my to sight read but for my 9th grade daughter, it takes a little work.

Beautiful sacred music to play at my church's services. I am always looking for new, appealing music to play. These take traditional hymns and spruce them up in a new way. I receive many compliments for playing these songs at my church.

As a Tom Fettke fan, I was not disappointed in these arrangements. I have a college piano major living at my house, and we put the book to daily use. Highly recommend.
